

Seek To Persuade China To Join The Allies

Washington, D. C., Nov. 19.—Great Britain, France and Russia have united in an effort to add China to the entente allies in order to prevent possible friction in the future between Japan and China and to preserve the peace of the far east. If China agrees to the plan, military participation in the present war is not expected. Negotiations thus far in a conversational stage at Peking with no indications as to China's attitude. Although the United States is being kept informed, its diplomatic representatives at Peking and European capitals are refraining from participation. (Continued On Page Six)

PAYS PENALTY FOR CRIME AFTER HIGH OFFICIALS SOUGHT TO STAY THE HAND OF UTAH JUSTICE

Salt Lake City, Utah, Nov. 19.—Joseph Hillstrom, condemned murderer, whose case attracted attention throughout the country and prompted the intercession of President Wilson, the Swedish minister to the United States, and the American Federation of Labor, was put to death by a firing squad in the state prison here at 7:42 a. m. today. His death was instantaneous.

At six o'clock this morning Governor Spry and the members of the board of pardons received telegrams from Seattle, Wash., saying that William Busby of that city had sworn to affidavits saying that he was with Hillstrom all of the night on which the Morrison murders were committed and that Hillstrom was innocent.

A similar affidavit, it was said, had been sent to President Wilson.

Hillstrom was convicted of the murder of John G. Morrison, a grocer, and his son, Arling. Under law he was allowed to choose between shooting and hanging. President Wilson twice appealed for further respite for Hillstrom. The President's second request, made yesterday, was denied by Governor Spry, as not based on any new facts.

Attorneys for Hillstrom immediately asked the governor to grant a ten day respite. Members of the pardon board held a hurried conference and decided not to interfere with the execution. It was reported at that time that Hillstrom was weak and showing signs of breaking down under the strain.

BRITISH GUNBOATS AND CRUISER SUNK

Berlin, Nov. 19 (via London).—Two British gunboats have been sunk in the Mediterranean off the Egyptian coast, by a German submarine. Official announcement to this effect was made by the admiralty today.

A British auxiliary cruiser also was put out of action. The statement follows:

"A submarine on November 6, in Sallum harbor, destroyed by gunfire two Anglo-Egyptian gunboats, the Prince Abbas and the Abdul Menem, each of which was armed with two guns. The same submarine silenced with its fire an armed British merchant steamer and captured its gun."

"One of our submarines on November 5, on the North African coast sank by a torpedo the British auxiliary cruiser Para."

Venice Target Of Air Raid

Vienna, Nov. 19. (Via London).—Venice has again been bombarded by Austrian aeroplanes. Official announcement was made here today that aerial squadron attacked military establishments of that city yesterday afternoon.

The announcement follows:

"Navy headquarters announces that on the afternoon of November 18 one of our seaplane squadrons successfully dropped bombs on the forts at Nicotina and Alberoni and the arsenal, aviation station, gas works, railway station and several barracks at Venice."

"Notwithstanding the heavy fire of the anti-air craft guns and the attacks of three hostile aeroplanes, our squadron returned with complete safety."

WAITING FOR DECISION IN GEIGER-JONES CASE

Columbus, Nov. 19.—State officials were still waiting today for a decision expected momentarily from Federal District Judge John E. Sater, on the petition of the Geiger-Jones company, industrial securities dealers of Canton, for a temporary injunction to prevent Attorney General Turner and Superintendent of Banks Harry T. Hall from taking action to revoke the company's charter.

The opinion of the attorney general to Superintendent Hall advising what the superintendent's course of action should be was ready for instant transmission in case the court refused to grant the injunction. Officials of the department said it is the most vol-

"IT WAS FOR THE BEST," SAYS DOCTOR WHO LET INFANT DIE; MOTHER AGREES

Dr. H. J. Haiselden and Mrs. Anna Bollinger.

The three-day-old son of Mrs. Anna Bollinger, who was attended by Dr. H. J. Haiselden, died in Chicago because the doctor refused to perform an operation on the child. Had the operation been performed, the baby would have lived, but would have been mentally and physically deficient throughout its lifetime. "To let the baby die was the only way," declare mother and physician.

Chicago, Nov. 19.—Six leading surgeons, impaneled as a coroner's jury to decide whether Dr. Harry J. Haiselden did right or wrong in refusing to operate on the deformed Bollinger baby, and thus save its life, are to make public their decision today.

Having carefully examined the body of the infant, the surgeons plan to call before them Allan Bollinger, father of the child; Dr. Haiselden, coroner's physician; Dr. H. G. W. Reinhardt, several attaches at the German-American hospital, where the child was born, and all others who had anything to do with the case.

Members of the jury agreed not to discuss their findings until made public, but it is reported that their verdict will vindicate Dr. Haiselden.

Coroner Peter M. Hoffman admitted as much after the second postmortem was performed.

"Dr. Reinhardt went further in said, 'and we found that the child was even more defective than was G. W. Reinhardt, several attaches at the German-American hospital, where the child was born, and all others who had anything to do with the case."

FRENCH SYNDICATE WILL SELL THE PRESIDENT'S FIANCEE WEDDING GOWNS BUT DRAWS LINE ON DISPOSING THEM THROUGH GERMAN AGENTS

Paris, Nov. 19.—The Paris dress-makers' syndicate has black-listed two American customers of German origin, one of them a man named Kutzmann, reputed to have been commissioned to buy gowns for Mrs. Norman Galt, who is to be the bride of President Wilson, according to Galt's newspaper, the Evening Star.

The newspaper avers Kutzmann has threatened to raise a diplomatic question because of the media's refusal to accept orders from him. Kutzmann declares, however, that each house from which he ordered gowns has offered to supply them with its compliments to Mrs. Galt, without having them pass through the hands of an intermediary.

A Paris dispatch early this month said Charles Kutzmann, of New York, was there to select gowns for the wedding of President Wilson and Mrs. Galt. He was quoted as saying that while it "would be indiscreet to talk about clothes ordered by the Wilson family, before obtaining permission from the White House, he felt that Washington can look forward to a brilliant social season after the wedding."

ENERGETIC ACTION IS PREDICTED AS RESULT OF JOINT WAR COUNCIL

Paris, Nov. 19.—The next meeting of the allied war council will be held in London. It is likely the Russian and Italian governments will designate representatives to attend this council. One session of the war council in Paris this week was held at the foreign office and another presided over by President Poincare, at the Elysee Palace, in addition, the several members of the French and British committees had long consultations apart.

Premier Asquith, who is acting temporarily as war secretary, conferred with the French war minister, General Gallieni, A. J. Balfour, first lord of the British admiralty, with Admiral Lencz, French minister of marine; Premier Briand, who is in charge of the French foreign portfolio, with Sir Edward

MONASTIR TOTTERING; 5,000 SERBS CAPTURED

London, Nov. 19.—The fate of Monastir is not yet known definitely, but there is little hope in England that it will escape the Bulgarians. There is a possibility however, that the invaders will not dare to make such an extension of their line with the French apparently established solidly on their flank.

Berlin, Nov. 19. (By Wireless to Sayville).—The capture of five thousand Serbians was announced by the war office today.

Rome, Nov. 19. (Via Paris).—Continuation of the desperate and long continued struggle for Gorizia is recounted in an official statement issued today at the headquarters of the Italian general staff. The communication follows:

Romania About To Make A Decision

Bucharest, Nov. 19.—(Via Paris).—A dispatch to the Giornale d'Italia says:

"On account of dissensions which are beginning to arise in the liberal party of Romania and the waning opposition to Take Jonescu, former minister of the interior, and M. Filipescu, former minister of war, Premier Bratianu has denied it necessary to summon before King Ferdinand certain senators, deputies and others among the most important personalities of the party. To these persons confidential statements concerning the Romanian society are being given."

"The question of Romanian neutrality seems about to enter a decision phase. The rapidity with which events are moving in Serbia is hastening a decision in this regard, particularly as both Russia and Austria are concentrating troops near the northern boundary of Romania."

HIGH GALES AND RAIN SWEEP OVER ATLANTIC COAST LINE, EASTERN STATES AND OHIO VALLEY

Washington, D. C., Nov. 19.—Heavy gales and rain, which whipped the Atlantic coast from Jacksonville to Eastport, Maine, and similar conditions prevailed throughout the Great Lakes region and the Ohio Valley during the night, in what the weather bureau officials described as "one of the most remarkable storm developments in many years."

The two storms early today were heading toward each other and moving northeastwardly.

Early reports from along the South Atlantic coast indicated that shipping had pretty generally escaped the storm's fury. The Norwegian bark, Killena, was driven aground near Brunswick, Ga., and wire communication was somewhat interrupted in the south.

New York, Nov. 19.—High gales, accompanied by rains swept over New York, New Jersey, Pennsylvania and the New England states today seriously interfering with telegraphic communication. (Continued On Page Six)

Allege British Orders Were To Use Neutral Flags To Save Ships

Berlin, Nov. 19.—(Via London).—What purports to be the frequently mentioned but never published British admiralty instructions to the masters of merchant ships regarding the use of neutral flags to escape the submarine menace are printed by Captain Kuchelwetter in the Lokal Anzeiger. The German admiralty referred to these instructions at the outset of the submarine campaign and in the diplomatic correspondence regarding the sinking of the Lusitania.

The first of the regulations as printed by the Lokal Anzeiger is undated but apparently was issued at the beginning of the submarine campaign. It takes the form of a telegram from the British admiralty communication to all ships and is given as follows:

"British shipping is instructed to maintain a sharp watch for submarines and show either the flag of a neutral country or none at all so long as the ship is in the vicinity of the British Isles."

The British flag must be shown on meeting British or allied warships. House flags must not be carried and marks such as name and home port must be effaced.

"Flags which should be used according to the above are the following: American, Italian, Scandinavian and Holland."

The second document is a decree of "Commander in Chief Devonport", dated March 15, which reads:

"Confidential. 'Carrying neutral flag: use of false names.' 'Neutral flags. Ships upon long voyages and upon regular voyages about the United Kingdom shall be equipped with neutral flags if they carry a valuable cargo. The neutral flags shall be carried according to routes.'"

NEGROES LOSE IN SUPREME COURT

Washington, D. C., Nov. 19.—The district supreme court today dismissed an action brought by I. M. Johnson, of Louisiana, and other negroes, against the government to recover more than \$65,000,000, which they alleged was due to their ancestors as slaves for involuntary service in connection with federal handling of cotton during the civil war. The action was brought against Secretary McAdoo.

ORDERS 63 MORE ENGINES

Pittsburgh, Nov. 19.—Contracts for the construction of sixty-three locomotives were awarded today by the Pennsylvania company, delivery to be made as early as next year. The engines are known as Class H. 10-S., the heaviest type in use on the system, and will cost in the neighborhood of \$1,500,000. Fifty are to be assigned to the Pennsylvania lines west and the remainder to the Vandavia railroad and other subsidiary lines. Other important equipment contracts were said to be in contemplation, due to the extraordinary freight and passenger business of the system.

SUB FIRED WITHOUT WARNING, OFFICIAL FINDING

Naples, Nov. 18.—(Delayed in transmission).—The official report of the investigation into the sinking of the Italian steamship Ancona by a submarine off the coast of Tunis on November 7, was sent to Thomas Nelson Page, the American Ambassador at Rome, tonight. The investigation reached the conclusion that the submarine fired a shell against the wireless apparatus aboard the Ancona without any warning.

The captain brought the vessel immediately to a halt. The submarine having hoisted the Austrian flag the investigators found, the Ancona was about to hoist the Italian ensign but the flag reached only half way up the mast when the submarine launched a torpedo which struck the steamer amidships.

The captain of the Ancona, the official account says, ordered the life boats lowered but while this was being done the submarine continued firing against the steamer's bows. Some of the boats were pierced by shells, obliging the survivors to use their clothes to stop up the holes. In the meantime it is alleged those on board the submarine jeered at the victims.

SHOW GREAT INTEREST IN "CHICAGO BABY" CASE

Defective Child's Death Is Cause Of Much Discussion

The "Chicago baby" case continues to be freely discussed in the city by physicians and laymen. The following additional interviews on this celebrated case were secured Friday:

Editors Times:—Very interesting indeed were your notes of opinion from leading local thinkers regarding the Chicago baby, "defective", and condemned by the edict of a physician to die. Of course, we all understand that in no case is there a shadow of ill-feeling for the unfortunate. That would be impossible. It is but a fair and candid discussion as to whether science should be invested with final authority over the hitherto sacred issues of life and death. Shall science determine irrevocably for each individual whether or not his continued existence is better for the generations

of the future. There are strong and powerful arguments, pro and con. I have my own opinion. Will you let me present it?

Science is truth, and as such is infallible. But, in using the word here I only mean to impersonate the interpreters of science, who, notwithstanding all the wonderful good they have done, are far from infallible. God himself can only measure the benefits science has conferred upon humanity. But, is it yet prepared to enter upon the solution of every moral, mental and physical problem? Shall we clothe it with the mantle of this awful responsibility?

Time was when science denied with vengeful force that the world was round, or moved on axes or orbit. Had a human being thrown his voice a thousand miles through solid wire, or

thousands of miles farther through the wireless air, science would have burned him at the stake for a devil.

Now science is progressive. Mrs. Ethel Cotton Schwartz has well said, "Wonderful discoveries are being made in the science of medicine". And this reminds us that in the realm of medicine, what was "impossible" yesterday is a blessed and triumphant achievement today. Diphtheria, cholera, hydrophobia, tuberculosis and many specters of death have been robbed of their terrors. The surgeon who once did not dare penetrate the cavities, is today manipulating with skilled and gentle hands the ills of every vital organ. He rights the wrong in a living brain, and sutures the throbbing heart. He takes the eye in his hand and removes its blindness. He puts a dying man to sleep and wakes him to a health and vigor such as his happy memory could not recall for many a year. Where is the surgeon or physician who shall swear today what can or cannot be tomorrow?

You have seen and heard Helen Keller. Fancy her in her dreadful world of darkness and hopeless silence. Enthroned on the judgment seat, science would have banished her sweet, childish soul from the world she has so signally blessed. Many a case have you known and I, where the physical imperfection has made more vivid the jewels of precious thought and holy love.

Dr. Schaefer says kindly and firmly, "Life should be saved at all hazards."

And Dr. Robe, "It is an inhuman act to permit a child to die without scientific medical treatment. Life is sweet and should be saved wherever possible."

And Dr. Schirra, "I believe in saving life at all hazards."

And Dr. Haldeman, "It is the duty of every physician and surgeon to protect and save life."

The dear little ones, trustful and innocent, look up to us for care and love. Whatever ills the future threatens, our sympathetic souls plead with us to give them a chance. The gentle Lord, who knew and loved them all, took them to his bosom and blessed them. Never in all his preach-

ments is there a thought of cruelty for the little ones.

Dr. Frank H. Williams said: "I think the right thing was done. I do not believe in letting hopeless idiots live, as the Chicago baby would probably have been if all reports about it were true."

Dr. George S. Mytinger, in discussing the Chicago baby case Friday said: "It was just the thing to do. If the child lived, alright, and if it died, alright. I do not believe in operating on so hopeless a defective as the Chicago baby was supposed to have been."

Health Officer Dr. W. W. Smith Friday said: "If the Chicago baby was as defective as reported it would have been an injustice to society, its parents and itself to have it live. The physician in the case, it seems to me, was trying to get into the limelight. It is a great question of whether an operation would have saved the child or not."

Felix Haas said: "I think the right thing was done. The child must have been a hopeless defective from what I read about the case."

Miss Opal Capas has succeeded Miss Katie Tipton as cook at Hempstead hospital, entering upon her duties Friday morning.

The executive committee of the Scioto County Dry Federation Friday made public the following copy of a letter it has addressed to Supt. White, of the Ohio Anti-Saloon League:

Portsmouth, O., Nov. 18, 1916.
 James A. White, Supt.,
 Ohio Anti-Saloon League,
 Columbus, Ohio.

Dear Mr. White:

We realize the state committee is now considering the advisability of proposing the prohibition amendment in 1916. We wish to commend your plan for letting the decision of this question wait on a referendum to the dry forces of the entire state.

On Saturday Nov. 18 the General County Committee of this county passed unanimously a resolution endorsing the fight in 1916. On Thursday Nov. 18 the executive committee of the county approved unanimously the action of the county committee.

Irrespective of what action the state may take as a whole, the Scioto County Dry Federation is determined to take advantage of its recent success and press on without delay towards the goal.

We wish to urge upon your attention the reasons that impress us why we should bring on the

contest in 1916:

1st. The dry workers everywhere are encouraged and full of hope that victory is near and are eager to keep active in the fight.

2nd. Precinct and school district organizations were never in such good working condition and simply require marching orders in order to develop greater efficiency as vote-getting machinery.

Wet leaders have stated that the drys have reached their maximum organization. This statement is entirely without foundation in fact. We have hardly tapped our resources of real fighting strength. Let us strike now while the iron is hot and keep striking everlastingly until we win this great battle for the common good.

3rd. Next year is the big election year. We welcome a real test. Each test increases the dry forces because the truth secures each time a little more publicity. The truth about booze clearly before the people of Ohio will sound the death knell of the beverage liquor traffic. Why should we stop for a year developing and publishing this truth?

4th. The 1915 campaign cost the wet \$7 to every \$1 spent by the drys. Each year a larger number of contributors back the dry fight; while the support of the wet narrows down to those financially interested in the liquor traffic. The wet have everything to gain by delay; the drys always gain by pressing forward. Shall we let our wet friends dictate our next move? When they say Ohio is tired of this fight they mean the Ohio wets are weary. This is proof of victory.

5th. The Workmen's Protective and Publicity Association is full of enthusiasm because of the large results they secured in the 1915 campaign. The Scioto county branch has already placed their organization on a permanent basis and 1000 strong they call for another chance to put Ohio dry in 1916. It would seem almost criminal to fail to seize this opportunity to develop this new arm of our fighting strength.

6th. Even though congress should propose a prohibition amendment to the national constitution, we feel that no better way to advance its ratification could

be found than to roll up a majority for state-wide prohibition in 1916.

Be assured of this that the dry forces of Scioto county are eager to see this fight continued until it is settled right and we believe that 1916 is the opportune year to make Ohio dry.

Yours for victory,
 Executive Committee, Scioto County Dry Federation, C. M. Weyand, Secy.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing feebleness, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them with opiates.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

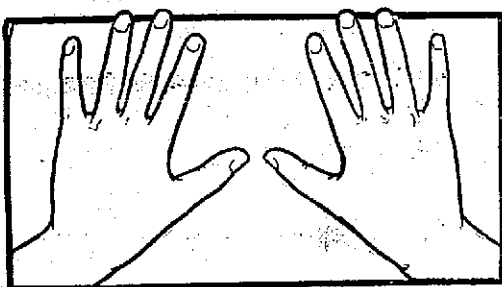

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

LICENSES GIVEN OUT

Saloon licenses were distributed
to the successful applicants in
Portsmouth and New Boston by
the county liquor licensing com-
mission this morning. Four or
five of them neglected to forwardtheir license fees to the state un-
til the last moment, and their cer-
tificates were not among those
distributed this morning. It is
thought, however, that they will
arrive in time for the owners to
open up on Monday morning, the
first day of the new license year.13 Take
ExamThirteen applicants appeared
this morning to take the civil ser-
vice examination for positions as
guards in the state penitentiary
and reformatory, which is being
held at the county clerk's office.
M. L. Fawcett, of the state civil
service commission, is in charge.An examination of applicants
for positions as captain of guards
in the state penitentiary will be
held tomorrow at the court house.

Ruddy Cheeks—Sparkling Eyes
—Most Women Can HaveSays Dr. Edwards, a Well-Known
Ohio PhysicianDr. F. M. Edwards for 17 years treated
scores of women for liver and bowel al-
lments. During these years he gave to his
patients a prescription made of a few well-
known vegetable ingredients mixed with
other oil, naming them Dr. Edwards' Olive
Tablets, you will know them by their olive
color.These tablets are wonder-workers on the
liver and bowels, which cause a normal
action, carrying off the waste and poison-
ous matter that one's system collects.If you have a pale face, ruddy look, dull
eyes, pimples, coated tongue, headaches, a
flatulent, nervous feeling, all out of sorts, in-
active bowels, you take one of Dr. Edwards' Olive
Tablets nightly for a time and note
the pleasing results.Thousands of women as well as men,
take Dr. Edwards' Olive Tablets now and
then just to keep in the pink of condition.

Make UpThe divorce case of Susan Bowers
against Frank E. Bowers, in-
stituted in common pleas court
Wednesday, was dismissed Friday
without prejudice to a new action.
The couple effected a reconcilia-
tion of their difference. The court
had previously ordered the sheriff
to pay over the \$100 in his pos-
session belonging to the husband
to the clerk of courts, but a later
entry awarded it back to the hus-
band.

SPECIAL JURY IMPANELLED TO HEAR DYNAMITE CASE

MEN BEHIND PREPAREDNESS PROGRAM IN SENATE AND HOUSE SURE OF VICTORY

Senator Tillman (left) and Congressman Padgett.

A recent poll of the senate and house showed that there is a safe majority in favor of the administration's preparedness program. There will be no party division on this question. Senator Tillman of South Carolina, as chairman of the senate naval affairs committee, will have charge of the administration naval defense program in the senate. In the house Chairman Padgett of the house naval affairs committee will lead the fight for a bigger and better navy.

WHAT THE TOMBSTONES TELL US

Dr. George P. Horst, pastor of the Second Presbyterian church, has visited Greenwood cemetery and read some of the inscriptions on the tombstones. From his visits, he has received an inspiration for his sermon next Sunday evening, which will be on the subject, "What the Tombstones Tell Us."

On Sunday morning, his subject will be, "The World Growing Better." Special organ and vocal music will be a feature of the Sunday services.

Mr. Fred E. Fieger To Fill New Place At The Steel Mill

Announcement was made Friday that Mr. Fred E. Fieger, for the past five years chief engineer of the Whitaker-Glessner company plants, had been appointed as assistant general manager of the Portsmouth plant of the company, the appointment being effective December 1st. The position is a new one. Mr. Fieger is quite well known in Portsmouth, having been a regular visitor here on company business. He will now become a resident of Portsmouth, and it is learned, is negotiating for property here. He is married and has a family. Prior to becoming associated with the Whitaker-Glessner Company, Mr. Fieger was with a Pittsburgh Steel company for a number of years.

THE FUTURE.

I do not say we ought to be happier as we grow older, but we ought to be calmer, knowing better what life is and looking forward to another which we believe to be a reality, though we cannot tell what it means.—Jewett.

Albert Marshall, the negro indicted on a charge of exploding dynamite in a C. & O. Northern car, near Seloville last August, which resulted in the death of five negro laborers, will have his trial in common pleas court Monday before Judge Thomas and jury. A special jury was impanelled to hear the case.

Marshall was indicted on five counts, each for murder in the first degree, and also five times jointly with John Henry Smith on the same charge. He is defended by Attorneys George W. Sheppard and Mark A. Crawford, appointed by the court. Prosecuting Attorney Micklethwait will represent the state.

ELKS PLANNING TO HONOR DEAD

The annual Lodge of Sorrow of the Portsmouth Lodge of Elks will be held Sunday, December 5th, in the new Elks' Home in the Play House Building. Arrangements are now being made to make the first memorial service in the new Home the most impressive ever held by the local lodge.

The committee in charge of the arrangements is composed of John Jones, William S. Pixley and William Bruch. To this committee has been added William H. Schwartz, who will arrange the musical program, which will be the most pretentious ever given upon a similar occasion in past years. The usual ritual service will be exemplified, with eulogies on the lives of the members who have departed this life during the past year.

The Hat.

The modern hat can be traced back to the petasus worn by the ancient Romans when on a journey, and hats with brims were also used by the earlier Greeks. It was not until after the Roman conquest that the use of hats began in England. A "hat of blue" about the middle of the twelfth century, was worn by one of the nobles of the land. Froissart describes hats and plumes which were worn at Edward's court in 1340, when the Garter order was instituted. The merchant in Chaucer's "Pardener's Tale" had on his head a "Pardener's" beaver hat, and from that period on ward there is frequent mention of "felt" hats.

Judges Depart

Members of the court of appeals left for their respective homes today after having been in continuous session in this city since last Tuesday morning. Less than two days was consumed in the submission of cases on the local docket, but the balance of the time was given to the review of cases submitted in other counties.

Before leaving the members of the court stated that decisions in local cases would not be announced until later.

ITCHING, BLISTERED SKIN-ERUPTION ALL HIS LIFE, NOW CURED

Nov. 19, 1914.—"All my life, until about a year ago, I was troubled with itching and sores over my entire body. The itching and burning was terrible and I could hardly sleep. I used many treatments that were unsuccessful and did not give me any relief. I started using Resinol Ointment and Resinol Soap and they helped me wonderfully. I WAS RELIEVED AT ONCE, and after about two dozen applications I can say that I was free and cured of that awful disease. My skin now is as clear as anybody's."—(Signed) Geo. Whiteber, Jr., R. F. D. No. 54, Caledonia, N. Y. Resinol Ointment and Resinol Soap are sold by all druggists.

IS YOUR TOILET SOAP SAFE?

Many toilet soaps contain harsh, injurious alkali. Resinol Soap contains absolutely no free alkali, and to it is added the Resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.

NEGRO IS CUT IS SERIOUS FIGHT

Robert C. Brassfield, colored, claiming No. 332 Lafayette street, Columbus, as his home, appeared at the public safety office Friday with his head swathed in bandages. He said he had been cut during a fight with another laborer at Lucasville. He had been working near there for Barnes & Co., contractors. He said he formerly lived in Portsmouth.

Claim Parole Was Violated

Edward Groves, a Wood county paroled prisoner from the Ohio penitentiary, was backed up by Officer Moore Friday afternoon at the instance of a parole officer from that institution. Wood since his release from prison married a West Side woman, and of late is said to have been drinking and also abusing her, thereby violating his parole. He will be taken back to Columbus.

OBITUARY

Thomas Pyles.

The following from the Ironton Irontonian Friday morning is of interest here as Mr. Pyles was for a number of years located in Portsmouth:

Thomas Pyles, one of the best known young men of the South Side, died at Catlettsburg last Wednesday night of pneumonia after an illness of three days. Mr. Pyles was 42 years of age and was a moulder by trade, but the last few months he was working for John Ritt, at Catlettsburg. His wife, who was formerly Miss Mary Reid, preceded him to the grave two years and a half ago. He leaves four children, Amelia, aged 11, Celestine, aged 9, Florence, aged 7, who make their home

with their grand parents, Mr. and Mrs. Charles Reidel, of South Third street, and another daughter, who makes her home with his parents at Portsmouth. He also leaves six brothers, three in Portsmouth, two in Newark and one in Hamilton. The remains were brought here Thursday afternoon and taken to the home of his brother-in-law, Fred Meyers, of Spruce street. The funeral will take place Saturday morning from the St. Joseph church at 9 o'clock with interment in Calvary cemetery.

The deceased young man is a brother-in-law of Fred Lohman, proprietor of the Excel bakery.

Mabel Beatrice McLaughlin Miss Mabel Beatrice McLaughlin, aged 23, died at 4 o'clock Wednesday morning at the home of her sister, Mrs. John Hughes, 22 Markinson avenue West, from pulmonary tuberculosis. She is survived by her mother, Mrs. Mrs. Ella McLaughlin, of Omega, Pike county, three sisters and three brothers. They are Mrs. Hughes and Miss Elsie McLaughlin, of Columbus, Miss Beulah McLaughlin and Messrs. Pearl, Richard and Clinton McLaughlin, of Omega. The body was sent to Omega Friday morning for funeral services and burial.—Columbus Dispatch.

Charles Everett Fisher Charles Everett, five-weeks-old son of Mr. and Mrs. John Fisher, of Prospect street, died Thursday evening. Funeral services will be held Saturday afternoon and interment will be made in Greenwood.

George Blackmore George Blackmore, aged 65, and a well known resident of River-ton, near Greenup, passed away Thursday. He was a victim of heart trouble. He is survived by a wife and two sons, Phillip and Thomas.

Mrs. David Bartee

Mrs. Milla Frances Bartee wife of David Bartee died at the family home, 13 Sinton street, at four o'clock Friday morning of asthma and bronchitis. The family moved to this city from Greenup county, Ky., five years ago. She was a member of the Christian church of Greenup county. The deceased was about 50 years of age at the time of death. Besides her husband she leaves three sons, Charles, Henry and

David Jr., one brother Louis Smith and a half brother, Mason Ray, of Greenup county, and a half brother, Mitchell Ray, of Michigan.

Funeral services and interment will take place in Greenup county.

"I Die"

(Continued From Page 1.)

He had a faint nervous collapse just previously. He tied the door of his cell with strips torn from his blankets and fought the guards fiercely with the handle of a broom he had snatched from an attendant in the corridor. This outburst was unexpected.

Hillstrom retired calmly last night. He remained apparently in sleep until early this morning. About four o'clock he arose and began to shake the cell door, shrieking as if in a nightmare. The noise reached the outside guards, who turned in a general alarm. All the prison officers rushed in. The prison physician tried with slight success to quiet the man. It was decided not to interfere with him unless necessary and he was not disturbed until time arrived to take him to the scene of the execution.

When guards arrived for this purpose Hillstrom attacked them savagely with the broom handle which he had broken in two, leaving a sharp point on one piece. Deputy Warden A. C. Tice received a slight wound in the arm from Hillstrom's weapon. Hillstrom fought silently until Sheriff J. S. Corless, for whom he had previously manifested high regard, arrived and appealed to him.

"Joe, this is all nonsense," said Corless. "What do you want? You promised to die like a man." Hillstrom hesitated a moment, and then yielded. "Well, that's true," he said. "But you can't blame a man for fighting for his life."

The blanket strips he had tied to the door were then cut, he was blindfolded and led to the place of execution supported by two guards.

Accompanied by the officers he

A NERVE TONIC

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such diseases.

It is impossible to reach the nerve directly with medicine. Dr. Williams' Pink Pills are a nerve tonic, but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up.

Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way. If you are nervous and can't help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking out-of-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, fifty cents per box, six boxes for \$2.50.

HIGH GALES

and endangering shipping along the coast. Conditions in these states, termed "the most unusual in many years" by the weather bureau, were created by a heavy storm moving in a northerly direction up the coast and another storm of almost equal intensity moving east and slightly north from the Ohio Valley.

The weather bureau thought the two storms would meet over the New England States or the Great Lakes. As these two storms moved toward the main land a new pressure area extending from Southern Pennsylvania to Maine, was created early today. At New York City the wind at 8 a. m. had a velocity of between 60 and 65 miles. Similar high winds were reported from various points over the low pressure area.

Heavy gales raged over the Atlantic from Jacksonville, Florida, to Westport, Maine, but storm warnings had been displayed since late yesterday and with the exception of the Norwegian bark Killena, which was driven aground near Brunswick, Ga., it was thought coastwise shipping had taken refuge before the storm reached its maximum. One or two west bound trans-Atlantic liners were reported to have encountered the gales off the coast.

Heavy storm conditions were also reported to prevail today over parts of Illinois and Indiana. While the rainfall in almost all places was comparatively light, the velocity of the wind was in all cases high.

Paris, Nov. 19.—The Saloniki dispatch announcing the general retreat of the Serbs on the Southwestern front after the capture of Babusa Pass by the Bulgars, is without official confirmation, says a Havas dispatch from Athens, filed yesterday.

The only fact established is the evacuation of Philip by the Serbs. The abandonment of Babusa Pass has been expected in Athens, military circles for several days, as it was not considered possible for the Serbs, notwithstanding their heroic defense, to hold longer.

The Serbs' position will retrograde to the heights between Philip and Monastir, the inhabitants of which are taking refuge in Albanian and Greek territory. Large numbers have crossed the border and are going to Saloniki.

The military governor of Macedonia is reported to have appointed a committee of 1000 men to preserve and maintain the roads and to prevent the Bulgars from using them. The Serbs are expected to retreat toward Albania. It is reported that the Serbs are in the Monastir area opposed to more than 100,000 Bulgars.

SEEK TO PERSUADE

(Continued From Page One)

Although Great Britain, France and Russia joined Japan in representations to China to postpone the establishment of a monarchy because it was thought a change during the present disturbed condition of affairs might provoke revolution and international complications, this latest step by the Allies is understood here not to have been initiated because of the monarchical situation alone. It was considered essential by the Allies that such arrangements be made in the far east as would permanently safeguard their interests. The impending change in China's form of government has rendered the situation somewhat acute. Fear of revolution in China and the possibility of Japanese interference to preserve peace have been impressed upon the Japanese people to an extent that has attracted wide attention among the European diplomats.

By joining the entente alliance, none of China's operations could affect the course of the war in Europe but the move would effectively guarantee Japanese abstinence from interference in China. Japan's attitude is not clear as yet but two possibilities are considered here as plausible.

None of the communications that have passed on the situation indicate that the allies have any hope that President Yuan Shi Kai will abandon his plan to establish a monarchy.

Washington, D. C., Nov. 19.—This sensational turn in far eastern affairs, on the eve of the proposed change by China from a republic to a monarchy, resulted in confidential exchanges between the allied powers during the last week, but only became known here today.

Japan, so far as is known, has not yet been consulted, the negotiations thus far having been confined to the European entente allies and the Peking government. If Japan knows of the plans, undoubtedly, there is nothing here to indicate what her position will be.

A Match For It

THEY WANT CONNECTIONS ESTABLISHED

Columbus, O., Nov. 19.—Several Akron industrial companies joined today with the Akron, Canton and Youngstown railroad in seeking to have the public Utilities Commission compel the Cleveland, Akron and Columbus Railway to establish physical connection with the tracks of the A. C. and Y. road at Akron, to facilitate switching and delivery of cars. The interests which were parties to the action are the Granite Clay Company, Bolzum Brothers Company, Colonial Pressed Brick Company and N. M. Mell.

The Toledo and Ohio Central Railway and the Zanesville and Western Railway today filed with the commission their answers to the complaint of the United Mine Workers and the Sunday Creek Coal Company that intrastate coal carrying charges are too high. The railway denied the charge.

\$100,000 DAMAGE

Uniontown, Pa., Nov. 19.—Property damage estimated in excess of \$100,000 was done by a sixty-mile gale which swept Fayette county last night and during the early hours of today. Telegraph and telephone lines were prostrated, and for thirty miles along the West Pennsylvania Traction company's system not a signal was in operation. Houses were unroofed and barns blown down. John Douglass was killed at Blairsville.

Many Kinds of Lawyers.

In the official scale the attorney general ranks higher than the solicitor general, but in all other respects the distinction formerly drawn between attorneys and solicitors has vanished. The division of the lower branch of the legal profession has lasted longer in Scotland than in England. There have three kinds of lawyers beyond the Twelfth—namely, the advocate or barrister, the writer to the signet—a solicitor with special privileges—and the ordinary law agent, who corresponds to the English solicitor.—London Globe.

Sacred Objects Awe Indian Troops

Every Tenth Man Executed

Berlin, Nov. 19.—(Wireless to Sayville)—The British advance against Bagdad has been checked south of Kut, in Mesopotamia, by a mutiny of Indian troops who refused to march further against Bagdad because of the presence in that city of

objects sacred to their religion, according to a Frankfurter Zeitung dispatch from Constantinople, the Overseas News Agency says. "The British executed every tenth Indian soldier of several battalions. The quoted dis-

patch states, "that the Indians openly refused to march against Sulima Pak and Bagdad, where several holy images are buried. "The general situation in Mesopotamia is decidedly less advantageous to the British than recently, as their advance

against Bagdad has been stopped south of Kut, which is 105 miles southeast of Bagdad. "The Shiite clergy continue their agitation for a holy war in Southern Persia and Schem-Arakh, and important events are said to be pending.

MAY PLACE EMBARGO ON STEEL

Washington, Nov. 19.—Congress may be asked to place a temporary embargo on exports of structural steel to the European belligerents in order to afford a sufficient supply of the metal for use in the construction of the two battleships, bids for which were opened at the navy department on Wednesday.

This plan is suggested as a result of the disclosure that neither of the new battleships can be laid down before next summer because of a lack of steel. The entire output of the American steel plants, it is said, has been taken by the warring nations.

EXAMINER FINDS MUCH JUGGLING OF FUNDS IN SCIOTO COUNTY: THE EX-AUDITOR IS HELD LIABLE

Report Says The Bondsmen May Be Sued For Big Sum

Personal of the report of the recent special examination of the financial transactions of the board of county commissioners of Scioto county by M. A. Coe, special state examiner, which was made public this morning at the state auditor's office, disclosed a deplorable condition in the principal working funds of the county, the County General, the Turnpike, the County Road and the County Bridge Funds.

This condition has arisen, says the report, "primarily from an entire disregard of the statutes relative to the expenditure of public funds arising from taxation."

Continuing the report says: "The provisions of Section 5649, 3rd G. C., which are intended to safeguard the disbursement of public money, have been ignored; and expenditures in excess of the amounts in the treasury have been made with impunity, since no appropriations for the various objects for which money has to be provided, have been made, as is required by said Section 5649 3rd G. C."

From this alleged disregard of the laws has arisen a condition which the examiner describes as follows: "Practically all the working funds of the county have been expended in advance, and, until February distribution at least, the present board of county commissioners has no funds available for any work or contracts, and much of the funds at that distribution will be needed to liquidate the overdrafts and meet the payment of indebtedness already incurred, if the same shall be declared binding on the county."

Contrary to the general expectation, the report contains no severe arraignment of any county official, directly aimed; this is left to the interpretation of the state auditor, head of the bureau of accounting, or of any one else who examines it.

It contains, however, one paragraph in that portion devoted to certification of contracts, which is regarded as significant: "The auditor is liable on his official bond to the contractors for any estimates due on contracts which he has certified and for which there are no funds to pay."

This amount aggregates about \$21,000.00, according to the report.

The report abounds, however, in criticisms of the lax manner in which the funds of the county were handled by the former county auditor, T. C. Patterson.

It contains no hint of any criminal act on the part of any county official; nor does it indicate that any of the funds referred to were used for purposes not legitimate, it is solely a criticism of the business methods employed by the board and its clerk, which, it is claimed, are at variance with the statutes governing expenditures.

The errors of commission or omission are plainly listed; and at the outset, the personnel of the board of commissioners during the period covered by the report, from the third Monday in September, 1914, to the third Monday in September, 1915, is given, as follows: Members of the board, William Bennett, Daniel Egbert and J. J. Spencer; county auditor, clerk ex-officio of the board, Thomas C. Patterson.

The examination is divided into critical reviews of the methods of the board of commissioners with reference to the following subjects: Borrowing money, which includes the borrowing from banks and transfers from one fund to another; certification of contracts; the bridge fund; the turnpike fund; general statement of county funds and the Scioto County Agricultural Society.

The first subject referred to in the report is that of **BORROWING MONEY**.

The report says: "The failure to make the appropriations as required by Section 5649 3rd G. C. and keeping money on short-time notes, which have been met by borrowing money on short-time notes. At the present time, these notes amount to \$25,050.00, the proceeds of which went to the following funds:

Turnpike Fund, \$10,000.00.

County Fund, \$6,050.00.

Building Fund, \$5,000.00.

County Road Fund, \$4,000.00.

For the guidance of the present auditor, attention is called to the errors in the payments of interest on notes, which unless corrected, will result in the same error in the ultimate payment of the principal.

The notes in question include one for \$500.00, dated April 10th, 1913, at the First National Bank, for the use of the Turnpike Fund; another for \$20,000, dated April 13, 1914, at the First National Bank, \$14,000 for the county road and \$6,000 building fund.

By resolution of October 17, 1914, \$10,000 of this \$25,000 indebtedness, \$10,000 of it from Road Fund, and \$1,000 from Building Fund, together with interest in all amounting to \$625, was ordered paid, leaving a balance of \$14,000 due.

The examiner complains that when the note in renewal of the balance of \$14,000 was made, it was marked on the face thereof, as follows: Turnpike, \$10,000.00; building \$4,000, and that the interest payments thereafter have been made in the same error in the interest payments made on April 12, 1915 and October 13, 1915.

This correction is made for the benefit of the present auditor: "The notes due the First National Bank April 10-13, 1916, amount to \$14,000, but interest and principal should be paid as follows: Turnpike Fund, \$5,000; county road fund, \$4,000; building fund, \$5,000.

Continuing on the subject of borrowing money, the report says: "On June 7th, 1915, \$7,500.00 was borrowed for the use of the county fund."

"September 13, 1915, \$3,750 of the principal, together with interest was paid, while notes in renewal for \$2,000.00 and \$1,750.00 were given, together with a new note for \$2,000 which was given to raise the money for Scioto county's share of preliminary expense of the Tubercular Hospital at Chillicothe, O."

"This latter note is legal under Section 3152 G. C., as amended, 103, O. L., page 494, and may be met by issuance of bonds and levy to meet same."

Of Scioto county to extend the time of payment of such indebtedness by borrowing money for a period of six months at a rate of interest not to exceed 5 per cent and issue the notes of said county for such purpose.

"Upon motion of Mr. Spencer, seconded by Mr. Egbert, the above resolution was adopted.

"Carried, voting aye, all."

The money was so obtained and was paid into the county fund but the claim of the state for the support of inmates at the Institution for Feeble Minded was not paid, and is unpaid at the present time.

On October 1, 1915 the county fund was overdrawn to the extent of \$358.81, and as the claim of the state, for which the \$7000 was borrowed, was unpaid, it follows that the \$7000 was diverted from the purpose for which it was raised.

"The provisions of Section 5649 3a and the relative sections following, require the definite and specific preparation of a plan of business-like forethought in the management of the public affairs, and, if followed, will put municipal receipts and expenditures upon a stable basis."

"At the beginning of each fiscal half year the county commissioners know exactly how much money is in the county treasury and are required by law to limit their expenditures to this amount."

"The various purposes for which money is to be levied must be specified and having been specified, the money so raised, cannot be diverted in any other purpose, except in the manner provided by Sections 2296, 2297, et seq.—that is, by judicial hearing on the facts in the matter in open court."

"These safeguards of law have been violated as follows, being on resolution by the county commissioners, who have no authority in law to so act:

"Transfer, March 10, 1913, from Infirmary Fund to Children's Home Fund, \$3,000; Soldiers' Relief, \$2,000; Judicial Fund, \$1,000; P. & C. Turnpike Fund, \$3,750.

"May 31, 1913, transfer from County Fund to Judicial Fund, \$4,000; County Road Fund, \$1,000; Building Fund, \$2,000.

"September 30, 1914, transfer from Bridge Fund to County Road Fund, \$5,000.

"September 30, 1914, transfer from Turnpike Fund to County Road Fund, \$10,000.

"May 31, 1915, transfer from Turnpike Fund to Infirmary Fund \$2,000; County Road Fund, \$4,000.

"February 28, 1913, transfer from Dog Fund to P. & C. Turnpike Fund, \$2,478.11.

"As shown above, the aggregate sum of \$42,550.00 has been illegally diverted from the purpose for which it was raised by taxation."

The next section of the report is devoted to the subject, "Certification of Contracts."

In this section of the report Mr. Coe states that the auditor's certificate has been uniformly endorsed on contracts, as provided by law.

Mr. Coe further holds, and in support of his contention, he cites an opinion from the attorney general's report, that Section 5649 3rd G. C., which requires semi-annual appropriations and that all expenditures for the succeeding six months shall be made from and within such appropriations, repeals the clause of Section 5660 G. C., which reads, "or has been levied and placed on the duplicate and in the process of election," the latter section being inconsistent with the later enactment.

"The auditor's certificates," he says, "have evidently been made without reference to the later law, but in the case of the county road fund, it would seem that there has been a violation of even Section 5660, G. C."

"The levies for this fund have been:

"1912, 26 mills, which produced, February, \$6484.03; August, \$6085.75.

"1914, 25 mills, which produced, February, \$6460.93; August, \$5990.79.

"1914, 50 mills, which produced, February, \$13,628.36; August, \$13,064.06.

"On September 30, 1911, there was a balance of \$2,251.10 in this fund. Since that time it has been in effect, continually overdrawn, when illegal transfers and borrowed money is deducted."

"On January 31, 1913, the overdraft reached the sum of \$10,701.94, after which the following illegal methods of replenishing this fund have been employed:

"February 28, 1913, transfer from dog fund, \$2478.11.

March 10, 1913, borrowed money, \$9,000.00; (paid 3-10, 1914).

"May 31, 1913, transfer from county fund, \$1,000.00.

"April 13, 1914, borrowed money, \$14,000; (\$10,000.00 paid 10-17, 14).

"September 30, 1914, transfer from bridge fund, \$5,000.

"September 30, 1914, transfer from turnpike fund, \$10,000.

"June 30, 1915, transfer from turnpike fund, \$4,000.

"Without taking the above receipts into consideration, but using the balance shown on ledger at the close of the month previous to certification, the following condition is shown:

"August 17, 1914, contract of Pfeiffer and Keller, certified, Mc Dowel Road, amount of contract, \$3,715.40; ledger balance, \$2,984.09.

"August 17, 1914, contract of Tripp and White, certified, Harrison Furnace Road, amount of contract, \$11,815.04; ledger balance, \$2,984.09.

"August 31, 1914, contract of White and Jones, certified, Fallen Timber Road, amount of contract, \$2,343.80; ledger balance, \$2,343.80.

"September 14, 1914, contract of A. E. Simpson, certified 'Y' road, amount of contract, \$3,761.70; ledger balance, \$8,981.88.

"September 22, 1914, contract of J. E. Blackburn, certified, Hazelbaker road, amount of contract, \$1,336.15; ledger balance, \$8,974.88.

"There was at the last named date, viz., September 14, 1914, contracts previously certified and on which the following amounts were afterward paid:

George White, Henley and Comstock Road, \$1,961.00.

"O. E. Blackburn, Spruce Run road, \$650.00.

"It will be noticed that the Simpson contract is in itself sufficient to anticipate the entire levy of 1914 in this fund and which was not yet at that time on the duplicate. As it stands, September 30, 1915, this fund is overdrawn \$488.22; owes borrowed money to the amount of \$4,000.00; paid bills during October, \$373.51; bills on file in auditor's office against the fund, \$373.51 and the following amounts to fall due on contracts let, and on which certificates have been made:

"A. E. Simpson, 'Y' road, \$11,598.70.

"Tripp and White, Harrison Furnace road, \$809.00.

"Tripp and White, Swanger Valley road, \$3,341.14.

"White and Jones, Fallen Timber road, \$343.80.

"A Haggerty, Fallen Timber road, \$700.00.

"J. E. Blackburn, Hazelbaker road, \$636.15.

"O. E. Blackburn, Spruce Run road, \$636.00.

"George White, Henley and Comstock Road, \$1,961.00.

Grand total of \$20,719.79.

"The auditor is liable on his official bond to the contractors for any estimates due on contracts which he has certified and for which there are no funds to pay."

BRIDGE FUND.

Examination of the bridge fund showed an overdraft, the balance on September 30, 1915, being shown at \$16,608.31. Against that amount are the following improvements contracted for an unpaid on the original contracts, \$10,361.31, exclusive of small bills for labor and material which are not subject to written contract and of which it is impossible to know the amount until presented.

TURNPIKE FUND.

On the subject of Turnpike Fund the examiner has the following to say:

"The balance in the Turnpike Fund on October 1, 1915, was \$32,389.02.

"Chargeable against this are the overdrafts in the ledger accounts of the various pike funds and the following incomplete contracts:

"Portsmouth and Columbus state highway contract, \$12,151.00.

"Portsmouth and Harrisonville state highway contract, \$13,000.00.

"Ohio River Road, state highway contract, \$4,636.30.

"Paid during October on sundry accounts, \$8,758.17.

"On file for allowance, \$1,549.14.

"Total, \$43,094.61.

"In addition to this is the temporary loan of \$10,000.00 due April, 1916.

"In order to protect the state highway contracts, it will be necessary to defer all other bills in this fund, for which certified contract has not been made."

"Of the bills on file for allowance, mentioned above, and amounting to \$1,549.14, practical-

ly all for work performed without record of contract on the commissioners' record as required by Section 2445, G. C., and without certificate of auditor as required by Section 5660 G. C., and payment of these claims could be enjoined."

"On October 12, 1915, \$6,700 was transferred from the balances shown above in the various funds to the county fund."

"The various specific turnpike funds listed are not special funds for which levies have been made but have been merely set up as ledger funds for convenience sake, the funds that have been credited to them from time to time have been transferred from the turnpike fund and the overdrafts in these funds are in reality chargeable against the turnpike fund and will have to be so liquidated."

"It will be noted that a great part of the fund balance shown consists of levies for such purposes as make it impossible to transfer to other funds, even by application to common pleas court, as they are really trust funds for which the county is pledged. They are:

the county funds. Without discussing the point of whether this provision is inconsistent with Section 5649 3rd, the fact arises that no such levy was made in 1913, 1914 or 1915.

"Under date of August 17, 1914 the commissioners enter a resolution to levy and appropriate the sum of \$1000 and a further sum of \$250 annually for a period of twenty years from August 3, 1914 for the purpose of paying the rental of a lease for grounds for the Scioto County Agricultural Society to hold annual fairs."

ATTORNEY GENERAL MAY GIVE ADVICE AS TO THE COURSE TO BE PURSUED

Quite a stir was occasioned in county official circles this morning by the receipt of copies of the official report of M. A. Coe, special state examiner, of the financial transactions of the former board of county commissioners.

President Thomas B. Watkins, of the present board of commissioners, called a special meeting of the board this morning at the office of Prosecuting Attorney Joseph T. Mickelthwait, where the report was studied and examined.

It was the consensus of opinion that interesting developments will follow the publication of the report. Prosecuting Attorney Mickelthwait intimated this morning that he expected within the next few days to receive instructions from the attorney-general, or auditor of state, as to how he should proceed. He said he had no statement to make until he received these instructions.

It is also certain that the attorney-general will be asked for advice concerning certain disclosures made public in the report, so that the present board will know what action to take along certain lines.

Present officials are agreed that when the facts as disclosed in the report are reduced from the lan-

guage in which they are couched by the examiner to a bald statement of facts that the seriousness of the charges will be more apparent.

It was agreed at the informal conference this morning that the principal features of the report were the discovery that \$7,000 had been borrowed by the commissioners to pay an obligation to the state for the care of inmates at the feeble-minded institution, and the subsequent expenditure of the entire amount for other purposes; the expenditure of money that had been certified to contractors for other purposes; and the wholesale transfer of moneys from one fund to another by illegal processes.

Examiner Coe, as the report indicates, holds that the auditor is liable on his official bond for the amounts due on contracts which he had certified and for which there is no funds to pay.

It will be up to the attorney-general to advise the prosecuting attorney and the present board of commissioners whether any other liability exists.

It would occasion no surprise should contractors who are unable to secure payment of their estimates because of lack of funds, file suit against the county for their money.

The state is also expected to institute legal action to recover the amount of its bill for the care of the feeble-minded from this county, for which \$7,000 was borrowed.

One thing is evident from the report, and that is, that the present county commissioners and the county auditor will move slowly until the matter is thoroughly disposed of. It will also serve as a guide for their official acts during their terms of office.

Another fact that is apparent from the report is that but very little work can be done on the roads and turnpikes during the coming year, as the money in those funds are practically exhausted, with only slight relief in sight after the February settlement.

FOR "CHIEF OF POLICE"**

Two names were being prominently mentioned today for the appointment of chief of police under Mayor-elect H. H. Kaps. They were Julius Arbogast, saloonist at Eleventh and Findlay streets and E. E. Hise, street car motorman and prominent in union labor ranks.

One prominent labor leader stated Friday morning that within the next week or ten days every labor organization in the city would give Hise an enthusiastic

endorsement for the position, which later would be forwarded to the mayor-elect for his consideration.

It was also reliably learned that friends of Mr. Arbogast were urging his appointment with all the force that they could command.

Mayor-elect Kaps has given out no hint as to who would receive the appointment.

SOCIETY

Invitations were mailed out to members of the Portsmouth Lodge of Elks Friday to attend the first formal dance of the season next Wednesday evening at the new Elks home in the Play House building.

The dance is in charge of the general social committee, composed of George S. Metinger, Charles S. Hall, Chas. T. Davis, Sherrard Johnson and Raymond D. York. A large crowd is expected to attend.

The Kensington Circle of the Central Presbyterian church held an enjoyable meeting yesterday afternoon at the home of Mrs. Ella Cook, on New Fifth street. Needlework was followed by refreshments.

Mr. and Mrs. Samuel Marling and daughter, Suzanne, of Detroit, Mich., are visiting Mrs. Marling's mother, Mrs. Charles Winter, on Fifth street.

The First Presbyterian Bazaar and cafeteria supper was well attended last evening, there being a larger crowd than was expected. The sale was followed by a beautiful entertainment, "An Evening With James Whitcomb Riley" The Sunday school room was filled with people who appreciated the splendid program prepared by Mrs. Lena Kline Reed, which indeed was most creditable and thoroughly enjoyed by all. The same entertainment and Bazaar will be given again this evening at the church and is well worth the price of admission. The same program will be given, as printed with the addition of vocal solos, "There Little Girl, Don't Cry" and "The Little Gray House on the Hill" by Mrs. Norma Hark Young. Miss Edna Withelm will play a piano selection, "Twittering Birds." Mr. Fred Klingman will sing "Calling" and "The Song of the Soul." The entertainment will begin promptly at 8 o'clock.

The Young Ladies' Sewing Club was delightfully entertained this afternoon at the home of Mrs. Albert Marling. Mrs. Jay Lee Cross of Cleveland, and Mrs. Samuel Marling, of Detroit, Mich., were out-of-town guests. Needlework was followed by delectable refreshments.

The Bridge Club was entertained this afternoon at the home of Mrs. James W. Bannon, who had as guests Mesdames J. H. Varner, Wells A. Hutchins, Alan Jordan and Mrs. Josephine Marling. of Ann Arbor, Mich., sister of Mrs. Bannon.

The T. B. C. was charmingly entertained last evening at the home of Mrs. Chester Spencer, on Seventh street, where all members were present, with the exception of Miss Isabel Musser, Miss Pearl White, Miss Anna Merrill and Mrs. Albert Jordan. Delicious refreshments followed Christmas needlework. Miss Edna Streich will be hostess at the next meeting.

The Frances Badger Guild of All Saints' Episcopal church will meet next Monday afternoon at 3 o'clock at the home of Miss Ruth Thompson, on "The Ridge."

The Evening Five Hundred Club will meet next Monday evening at the home of Miss Erma Neudorfer, on Third street.

The Fourth Street Methodist church bazaar sale will be held at Marling's store next Wednesday, instead of Saturday.

The Holmes Club will meet this evening at the home of Mrs. Laura Lorey, on Robinson avenue, who will be assisted by Miss Ethel Musser.

Mrs. Peter Lane and Mr. George Bender, of Robinson avenue, have gone to Lawshoe and Winchester on a hunting trip.

Mr. and Mrs. H. C. Lantz, of Oakland avenue, had as guest at dinner last evening Mrs. J. B. Ray, of Harrisonville.

The members of the Epworth League of Trinity Methodist church, about ten in number, went to the home of Mr. and Mrs. Gates Trout, on Seventh street, last evening and gave them a great surprise. Mr. and Mrs. Trout are a bride and groom of a few weeks, who are valued members of the League. The evening was spent in various games, after which refreshments, which the guests brought along, were served.

A splendid attendance marked the monthly session of the Woman's Union of the First Christian church, held at the home of Mrs. Willie Evans, in the East End, Thursday afternoon. The meeting showed that the union is wide-awake and that the members had accomplished much good. The financial report was especially encouraging, funds to the amount of almost \$260 having accumulated in the treasury. This money will be donated by the women to help liquidate the debt hanging over the church. The refreshments were served under the auspices of Section Four, and they were indeed delightful.

Section Three of the Woman's Union of the First Christian church were royally entertained at the home of Mrs. Wendle Wednesday afternoon. The attendance was gratifying, while the delectable refreshments served by the hostess added much to the pleasures of the afternoon.

The All Saints' Woman's Auxiliary held a meeting yesterday afternoon at the home of Miss Mary K. Reed, on Second street.

Miss Anna Ross had the scripture reading.

How Our Church Came to Our Country—Mrs. Powell.

Mrs. Jennie Williams, Mrs. William Oldfield and Mrs. E. A. Powell were appointed a committee for the first bazaar sale to be held December 11th.

Mrs. M. S. Pitsley, Mrs. E. B. Kline and Miss Anna Ross are the committee for the Lenten work. The place for the next meeting was not decided.

MAKES STATEMENT**

J. H. Kelley, who is electrician for the Steel Company, at New Boston, lives at 1920 Oakland Avenue, in Portsmouth. As every one in this city knows the Steel Company, is one of the big things here, and one of the great manufacturing concerns of the state that we are justly proud of.

Scores of the employees of The Steel company have been greatly benefited by the use of the "Master Medicine", and are telling of its merits. Recently, while making a call at the Fisher & Streich Drug Store to purchase a bottle of the famous Tanlac, Mrs. Kelley said:

"I am glad to recommend Tanlac because it has helped my husband so much. He is feeling much better, and has been relieved of dizzy spells through the use of this medicine. It was through seeing statements from so many people that we knew were reliable, that we were induced to first use Tanlac, and this is the reason for this statement, and we hope some one will profit."

The ingredients that compose Tanlac, that is, the herbs, roots, it

and flowers, come from many of the remote parts of the globe.

Your friends will tell you that you are unwise to continue to suffer from stomach, liver and kidney disorders, and other maladies, while you have access to the wonder-working medicine Tanlac.

Through its health restoring powers, this "Master Medicine", has proven to be a revelation to hundreds of thousands.

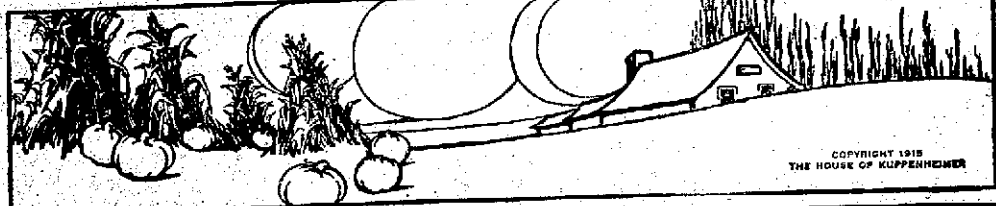

For catarrh of the head, throat and stomach, liver, kidney and intestinal disorders, and rheumatism, Tanlac has proven to be the most effective of medicines.

Tanlac is now on sale in Portsmouth at the Fisher & Streich Pharmacy, corner Sixth and Chillicothe street, where representatives are meeting large crowds daily and courteously explaining Tanlac.

The Afternoon Bridge Club will meet next Friday afternoon at the home of Mrs. Earl Cookes, on New Fifth street.

Thanksgiving!

Thanksgiving has ever been home-coming time, a day when all of us turn toward the family hearth, pledging again, in the bounties of nature, those ties we hold most dear.

Truly, this has been a strenuous year, a year of tremendous activity, of events crowding one upon the other with startling rapidity and as we pause amidst the tumult, one great thought must come here to all of us . . . Peace and the bountiful blessings of peace are ours . . . Let us be thankful.

This great store of service is moving steadily ahead upon the highway of progress. Old friends remain steadfastly with us, new friends, in greater numbers, are coming to know our greater values, and the satisfaction which comes only from faultless merchandise, satisfaction which makes for true thanksgiving on their part and ours, satisfaction made possible by such good merchandise as

SCENE FROM "THE TOAST OF DEATH"
 FOUR-ACT MUTUAL MASTERPIECE
 MADE BY NEW YORK MOTION PICTURE CORPORATION

Louise Glaum, vivacious little player of the New York Motion Picture Corporation, who portrays Poppa, a member of the imperial ballet in "The Toast of Death," a gripping four part Mutual Masterpiece of picturesque India, has, after months of hard work, seen her greatest ambition realized. For months she had desired to play the lead in a Mutual Masterpiece, but it was not until Director Thomas H. Ince cast her for the role of Poppa that her life's ambition became a reality.

Miss Glaum has had important parts in several Mutual Masterpieces, notably in "The Reward," in each instance furnishing a striking demonstration of the many dramatic qualities with which she has been gifted. In "The Toast of Death," in which she plays such an important part in the molding of the lives of two men, this dainty star of motion

the very start and that the longer we knew him—the better we got acquainted with him—the more our affection grew.

The fellow who drifts far from the old hearth is usually the one who gets into trouble. Jim traveled a long way from home. He got into trouble, too. In fact, he plunged into it a little deeper than was at all necessary. But he paid the price.

We've all known young men of Jim's type. They're not bad because they want to be—but of their own choosing—but they just can't seem to be good. No man in this world wants to be bad, and the worst man in the world is good—in his heart.

Men like Jim are always on the edge of an adventure. If some thing extraordinary happens they are usually right there. And yet, they are so fortunate that if it started raining soup they would be caught with a fork. You know the sort of a fellow I mean. They're so unlucky that they find car fare in their pockets after they've walked from New Boston to the post office. Jim could be placed in this class, although once or twice he had shouldered enough dignity to ride in a taxi.

It's been a long time since we have seen any one who quite resembled Jim on the screen. He wins our affection when he steps into the picture in the first reel, and he holds our interest all the way through. When he is out of a scene we sit anxiously awaiting his return. He's much in love, but just enough to give it the right sort of flavor and to bring out with more pronounced emphasis Jim's heroism. For Jim is nothing if he is not heroic, and he spends most of his time saving others from his fate.

From a spectacular viewpoint it is one of the best pictures we can hope to see during the current season. The remarkable working of the scene, which slips of the roadway and goes tumbling down the side of a cliff into a stream at the bottom, is as full of action as any of those corpse-revivers of days gone by. The decoration by a

the schooner, with its song, glided Chinamen aboard, by the revenue cutter is one of those scenes which makes your breath come fast.

The picture travels with such rapidity and the action is so perked, really true that we begin to wonder how the whole thing is going to end. It is not complicated, however, and after we have seen it all we will wish for more like it.

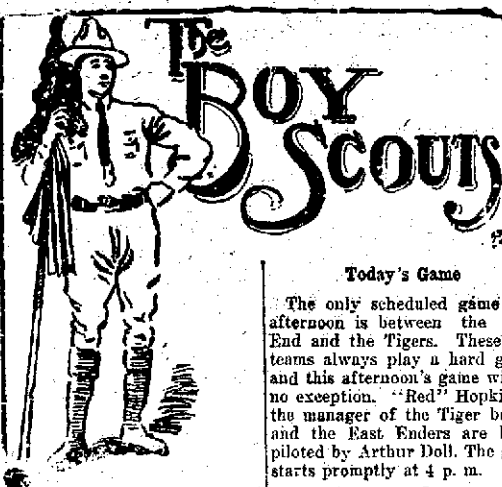

"Country Blood", at the Exhibit Sadie Tully, while not the belle of the village, is loved by honest Ben, who drives the village hack. Ben starts to build a home and everything is going nicely. Then along comes Rudolf, a rich student from the city, who falls for Sadie's "wild beauty." Sadie's head is turned and she consents to go to the city with Rudolf, whose mother will educate her. But Ben doesn't give up without a scrap.

Rudy, though, proves himself some "bear cat," and it takes the police and fire department to stop the fight. After a while Ben gathers his savings and starts to the city himself. Soon both find that the city "ain't what it's cracked up to be." Finally Ben goes back with an auto truck. One day a real swell city lady gets off the "up train." "Why it's Sadie Tully!" And they settle down forever.

"The Fixer" and "Cuties" "Fortune Hunting" complete the program of four big and interesting reels, all for five cents admission.

Fine Program at the Arcana Theatre Tonight

With the arrival of the inclomely days, Manager J. E. Potts of the Arcana theatre has booked some wonderful attractions for this popular little theatre. And the big program starts tonight with three big features, the headliner being "When the Call Came," a two reel heart interest drama, depicting one of the most beautiful stories ever written. It is not one of those rip, rip, hurrah affairs, but tells in a most vivid way the courtship of a man and woman. This will be followed by a hilarious comedy, entitled

Today's Game

The only scheduled game this afternoon is between the East End and the Tigers. These two teams always play a hard game, and this afternoon's game will be no exception. "Red" Hopkins is the manager of the Tiger bunch, and the East Enders are being piloted by Arthur Doll. The game starts promptly at 4 p. m.

Saturday's Games

Two good games of basket ball are scheduled for Saturday afternoon as follows: East End vs. West End; Tigers vs. North End Stars. First game will be called promptly at 1 o'clock. Both games will be fast as the teams playing are evenly matched.

Tonight's Scout Meetings

The following scout meetings will be held tonight at 7 o'clock: Troop 6 at Kendall Avenue church; troop 9 at U. B. church; troop 10 at Boys' Headquarters.

Will Present Play

Troop 8 boys are rehearsing twice a week now on their new play, "Camping On Big Bend," which will be presented sometime in December. Following is the cast: Dan Fischer, a product of the slums, Frank Davis, Scoutmaster Nichols, John Suiveley, "Stuffy" Harrison, Harold Dunn, Arthur Dandridge, Arthur Eisen-angle, Morton Cameron, Darsie Hamilton, Baseball Manager, Arthur Doll, Two Scouts, Corwin Knowles and Harry Doll. This is a play dramatized from the story of "Dan Fischer, Scout and Gentleman." There will be an admission fee to defray the expenses of the troop's camping trip next summer also to purchase basket ball uniforms.

SAYS CITY HAS NO TAXATION LAWS

The mayor in replying to an inquiry from R. C. Journey, municipal reference librarian of the University of Missouri, advises that this city has no taxation laws and that all such matters are of state

legislation. The city has no building codes or laws covering the erection of buildings except with in the business section where there cannot be a building over one story high built except of stone, brick, cement or iron.

JOINS RANKS OF THE "NEVER-SWEATS"

The Portsmouth Stove and Range company are making a gas heater that they guarantee will not cause dampness on the walls of a room, nor give the persons in the room a headache. They are very low priced, and very substantially made—no thin flues to rust out. Has a cast iron baffle plate over the fire, body made of heavy polished sheet iron. Large, solid-cored cast iron burners. Made in five sizes, two finished—plain and nickel—a size and finish to suit every person and every pocketbook. They're Made In Portsmouth, and The PORTSMOUTH STOVE AND RANGE COMPANY stand back of them absolutely. When you buy your gas heater see that your dealer shows you the STAR-EQUITY or the SOLAR-EQUITY.

MARRIED HERE; ASKS FOR DIVORCE IN GALLIA CO.

The Gallipolis Journal says of a divorce suit filed at Gallipolis, in which the couple were married in Portsmouth: "Robert Tobin vs. Jennie Tobin is a suit for divorce on the grounds of extreme cruelty, gross neglect of duty and adultery. They were married at Portsmouth Aug. 10, 1911, and have no children. Plaintiff says his wife beat him, abused him, and called him vile names; that she would not cook for him; but would neglect her domestic duties and stay out all night. The names of D. H. Style and John Evans are mentioned in the petition."

Temple Theatre Tonight

We have tonight a Reliance production entitled "The Queen of the Band" in two parts for the third reel the American company presents a psychodrama drama with a heart throbbing featuring Winifred Greenwood and Ed Cosen. The fourth reel's title is the "Corner in Cats," played by Cissy Fitzgerald, a Gaumont production.

Strand

Hobart Henley, popular Universal star is featured in "The Temor," a Gold Seal three-reel drama. The scenes are staged in a real theatre with Carmen Phillips, once a grand opera star, in the leading feminine role.

Henley has a dual part—that of two brothers and he plays it in a masterly way. As a singer with an ambition to shine as an operatic star and as a physician with a beautiful wife who has become a slave to the drug habit. His presentation of the role is most strikingly effective.

"Their Golden Wedding," a Læmle drama, written by J. Fleming Wilson of Master Key fame and featuring "Daddy" Manley and "Mother" Benson. Tomorrow brings the sixth episode of the "Broken Coin" and a two-part L-Ko comedy, "Scandal in the Family."

"MORPHINE" GIRL IS FOUND GUILTY OF ADULTERY; COMPANION ALSO SENTENCED

NEW BOSTON

The couple giving their names as James Mayor and Hazel Mayor, who were detained Thursday pending an investigation of the theft of some silver spoons from the Colonial boarding house, were held guilty by the mayor Friday of living in adultery and were fined \$25 and costs each and sentenced to 90 days in the Chillicothe workhouse. She is the woman who was accused of working "fake" surgical operations on various local doctors.

The young woman admitted to the court that she and Mayor were not married, although they had been living together practically for two years. A letter found among Mayor's effects indicated he had gone under the name of E. B. Elmsick, and, according to the girl, he comes of a respectable family in West Virginia. She also told the court that she, herself, preferred going to the workhouse or penitentiary than to have her aged father living in the country near Ft. Pleasant learn of her present plight. She gave the mayor names of some brothers, however, if he wished to communicate with them towards securing her release. They are said to be prominent railroad officials. The girl continued to deny all knowledge of the missing spoons. The couple will be taken to Cincinnati Saturday to begin their sentences.

The Rally Day program rendered at the Baptist church Thursday evening was largely attended. It would be hard to decide which part of the program was the best. The exercise by the members of the Herald of Hope Class was out of the ordinary. Their playlet, "Ten Virgins" was great. Songs by the Sunbeam Class, Gladys Riekey and by Mrs. Beulah Staten and Misses Esta Koltner, Aurilla Emory and Thelma Moore were greatly enjoyed. The exercises by Mrs. Perry's class and Willing Workers were excellent.

After working hard all of Wednesday night the large Wilson Sand and Supply Co.'s truck was gotten back on the road Thursday morning. The truck went over the five foot bank late Wednesday night. Mr. Yates of the company was driving the truck and drove too close to the edge of the road, the bank caving with the heavy machine. The accident took place near the concrete bridge on Mann's Run.

Do You Feel Headachy? Look To Your Stomach

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way Wurster Bros., the popular druggists are selling Mi-o-na, the standard dyspepsia remedy.

Never before have they had so large a number of customers tell them that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or aching their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to Wurster Bros. in guaranteeing to return the money if the medicine does not relieve. And they stand ready to do so without any questions.

Headaches, all forms of indigestion, nervousness before the eyes, dizziness, poor sleep, ringing in the ears and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly.

These are the best in the world for the enjoyment of good health, and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.

Judge Bannon Claims Road Is Damaging His Property

Suit to enjoin permanently the county commissioners, the state highway department, and the contractors from proceeding with the improvement of the Scioto Trail as planned along his farm in Valley township was filed in common pleas court Friday morning by James W. Bannon, Sr. The petition was prepared by Attorneys T. C. Anderson and Bannon and Bannon.

Mr. Bannon claims that the specifications call for a concrete paved pike, twenty-two feet wide and a firm bank, four feet wide, on each side.

It is the construction of the birm adjoining the Bannon farm to which Mr. Bannon objects and he alleges that its construction will occupy several feet within the fence and within the line of two or more buildings. He complains that the contractors are now dumping dirt and gravel on his property, greatly to its damage.

In support of his claim, Judge Bannon has embodied in his petition, which covers several pages, a complete record of the road since it was originally opened as the Columbus and Portsmouth

turpike road, back in the early 30's.

The three members of the board of county commissioners Messrs. Thomas B. Watkins, Charles E. Worley and George Hill, Harold Wendelken, of the state highway department, A. W. Burns, the contractor and the A. W. Burns company, are named as defendants.

The pike extends through the Bannon farm, containing 1600 acres, for a distance of 1 1/4 miles, according to the petition.

MOTHER FINDS LITTLE BABY BURNED TO DEATH

"Now, you be a good little girl while I am gone and keep away from the fire," said Mrs. Cicero Mullen to her golden haired two-year-old daughter, Mearl Mullen, just before she started for a grocery store near her home near

Greenup, Ky., Thursday afternoon. The child waved a "good-bye" and shook her little head to indicate she would be good. She forgot, however, and while her mother was away got hold of

matches and in some manner set fire to her clothes. Alone and at the mercy of the cruel flames the child was almost burned to a crisp. Instead of being greeted by her happy little baby upon her return, Mrs. Mullen

was horrified to find her loved one lying on the floor, her little body disfigured by the flames that must have played and danced over the helpless form. Mrs. Mullen quickly summoned a physician, but the child was so

badly burned that it soon passed away. Near the child was found matches that had been lighted and it is presumed that one of these came in contact with the child's clothes and set them on fire.

The child's body was burned from head to foot according to word Mr. and Mrs. Everett Gordon of 1807 Eighth street received Friday morning of the unfortunate affair. Mrs. Gordon is a sister of Cicero Mullen, who, until recently,

was in the employ of Mr. Gordon, who is a local contractor. The Mullen family reside at Edgington, near Greenup, Ky. and they have numerous relatives and friends here. The victim of the flames was a sweet and lovable child and the parents are grief stricken

over the tragic manner in which its life was snuffed out. Mrs. Mullen is at loss to say how the child got hold of matches. She says she has always made it a point to keep matches out of the reach of her little daughter, who was two years old, August 4, 1915.

N. & W. MAY TAKE SECOND PLACE AS COAL CARRIER

The comptroller's report of the coal tonnage for the month of October indicates that the Norfolk and Western's coal traffic for the year 1915 will exceed its business of last year by at least 5,000,000 tons, perhaps slightly in advance of the road's tonnage, one year compared with another, would be more than double any preceding yearly increase. The average yearly increase of the road's coal

traffic since the year 1909 has been about 2,000,000 tons. Going back to that date, another striking illustration of the Norfolk and Western's tremendous tonnage growth this current year is shown by its coal business compared with other big coal roads. Until the last year the Pennsylvania has been the largest coal carrier in the United States,

the Baltimore and Ohio second, the New York Central lines third, with the Norfolk and Western next. While the Pennsylvania's railroad system handles approximately double the tonnage of any other road, it looks like now the Norfolk and Western is destined to take second place at the close of the year as the country's largest coal carrier. The Baltimore and Ohio's largest year's

shipments was in 1913. The first six months of this year the Baltimore and Ohio handled 13,902,641 tons of coal compared with the Norfolk and Western's 12,728,341 tons during the same period. At the rate the Norfolk and Western is handling coal now, had the first half of the year been up to the monthly average since the first of June its mark would have been approximately 36,000,000 tons, surpassing the Baltimore and Ohio's banner year by about 3,

000,000 tons. So it is to be seen that the conjecture that the Norfolk and Western will take second place among the coal carrying roads is not farfetched. The month of October's tonnage of 3,027,772 makes the year's tonnage to date 24,326,397. So if this figure is maintained in November and December the road's shipments for the year will be in the neighborhood of 30,500,000 tons. The Norfolk and Western comptroller's report for the month of October follows:

Field:	Net Tons
Pocahontas	1,721,149

WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 601 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

two days. They returned with sixteen rabbits.

Hand Picked Diamonds

Our diamonds are hand picked. We are proud of each diamond—jealous of its perfection. Of a hundred offered us by the cutter, one only is passed by the critical eye of Mr. Albert Zoellner.

A diamond stands for the highest form of jewelry value. You don't want a fairly good diamond any more than you want a fairly good egg.

The only reason you can have to pay more than we ask for a half carat stone is to get one larger in size. This holds good for all our stock.

The full value for your money, the cream of the market, and a chance to have your selection laid away now and make payments on it until Christmas. Pretty square proposition isn't it? It's made to YOU.

Contract Let For A New Railroad

Huntington, W. Va., Nov. 19.—Contracts for twelve miles of railroad along the Pond Fork of Little Coal river in Boone county, opening up one of the richest coal fields in West Virginia, will be let by the Pond Fork Railway company, about January 10, it was learned yesterday from an authoritative source.

The Pond Fork Railway company is controlled by the Chesapeake & Ohio railroad and it is understood that Cole & Crane, well known timbermen, will build an extension of from six to ten miles further along the Pond Fork, opening up extensive timber tracts they own.

Thus Madison, where the Pond Fork joins the Little Coal river, is expected to be transformed by the era of commerce so inaugurated, into a second Logan, for it is learned, completion of the railroad will be marked by the commencement of three of four extensive coal operations, as well as the marketing of the timber on the Cole & Crane tract.

The Anemic Dove.
Of all causes in history the cause of international peace is probably the noblest, yet of all symbols appealing to the world's imagination its symbol, the dove, is probably the most unseemly. Some other, more compelling, must take its place before its cause can plead effectively against that of its rival. The dove is no match for the devil. If war is ever to be vanquished it will be by St. George or Napoleon, not by the bird of Noah. In brief, it is only peace militant, not peace dormant, that can supplant the heroic figure of war in the hearts of the nations.—Percy MacLachy in North American Review.

THE LATEST IN SPORTS DOM

Gridiron Warriors In Sight Of Stadium

Cambridge, Mass., Nov. 19.—The Yale football team, entrenched almost within sight of the stadium, and the Harvard forces bivouacked not many miles away, gave themselves up to physical rest today and tried to obtain a calm mental poise in preparation for the football classic tomorrow. Discouraged by its somewhat unexpected victory over Princeton Saturday, Yale approached the final contest of the season with more confidence than was regarded possible ten days ago. On the other hand Harvard backers, although recognizing the strength and resourcefulness of their opponent, were fairly certain that the crimson not only would make it four straight victories, but would keep the Harvard goal line across which no Blue has scampered in seven years still uncrossed.

P. H. S. In Game

It is up to the alumni players if a game between the P. H. S. eleven and alumni is to be staged on Saturday following Thanksgiving. It has been reported that the high school players would decline to play the alumni team on account of their weight. The alumni team will outweigh the Red and Blue aggregation nearly two to one. The high school speaks through Captain Due-

well, Coach Hart, and Business Manager Blocks that they will play the alumni team any time such an eleven is ready. Junior Williams will captain the alumni eleven and expects to put a team on the field that will show the local eleven "real football." The alumni team will be formed of such stars as Selby, Briggs, Roberts, Williams, Lynn and Perkins, all having played football with university elevens.

1916 SCHEDULE BEING ARRANGED

The P. H. S. football schedule for next year is being already arranged. Although Ashland cancelled their game here for Saturday with the second team they asked for a game with the first team for next season. Prof. Robert Meeks, business manager of the team has sent a contract to the Ashland management.

"OLD KENTUCKY" IS RICH AND FRUITY

This Delicious Chew Has the Wonderful Flavor of Choicest Burley Leaf

MADE BY MODERN METHODS

If you don't chew tobacco you simply cannot get the full measure of enjoyment out of it. A good chew, with its juicy richness and appetizing flavor, is an aid to digestion. That means it's beneficial to the whole system. And the best chew is plug tobacco, the closest-to-nature form into which tobacco leaf can be made.

Nature's own sweetness is in every juicy chew of Old Kentucky. You never before tasted such mellow richness—your can't get so much deliciously sweet flavor out of any other chew. The rich leaf for Old Kentucky is selected, re-selected, picked over by hand, stemmed by hand, pressed into pure, luscious, golden-brown plugs by the most wholesome modern methods. Try a 10-cent plug of Old Kentucky. You'll find it wonderfully tasty, wholesome and appetizing—a rich, mellow chew that exactly suits your taste.

Can It Be Done?

Cornell is an 8 to 5 favorite over Pennsylvania in their annual Turkey Day game. Gravy Williams of this city, who is in Pennsylvania's backfield will get a chance to stop the almost unstoppable, elusive and line crushing Charley Barrett, the season's individual star.

Rio Grande Vs. Ironton

The Ironton High School team plays in Rio Grande Saturday. The Rio Grande eleven and I. H. S. played a tie battle in Ironton early in the season. The Black and Gold lads expect to wipe out the stain of a tie game with an easy victory. The Rio Grande boys are said to be heavy but not well versed in the game like the Irontonians. Each team has an individual star upon which they are depending. Derridge half back for the Rio Grande team and Captain "Shorty" Davis of I. H. S. will be the two players bearing the brunt of the battle.

Are Working Hard For Game

Coach Hixon and his Ironton high school players are trying their best to look a game for Thanksgiving Day. The players say a game is assured and that tickets will be printed for a game and placed on sale within a few days. If all efforts fail to book another high school team a game will probably be played with an alumni eleven.

McGraw TO START REBUILDING TEAM

John J. McGraw.

At the annual gathering of the National League magnates and managers in New York next month, Manager McGraw of the Giants will endeavor to put through several important deals which are now hanging fire. He realizes that his present outfit is nothing more than a tail-end aggregation and to win the pennant next year, or finish near the top, the nucleus of his team must be set afire and new and young blood installed.

Ticket Scandal

Chicago, Nov. 19.—After an investigation athletic authorities at the University of Chicago announced today that they had traced the sale of tickets for the Chicago-Illinois football game tomorrow to ticket brokers.

Norman D. Bassett, "14" graduate of the University of Wisconsin, was questioned by the University of Chicago authorities regarding the disposition he made of 300 tickets purchased for the Wisconsin Alumni club of Chicago. Mr. Bassett admitted that he had sold to others than Wisconsin alumni and that he had used the sale in part as an advertisement for his business establishment.

Tickets for the game, which is expected to draw a crowd of 27,000 persons, are being held at double their face value.

Ahearn Will Get Chance

New York, Nov. 19.—Young Ahearn at last gets a chance to earn some real money. The classy middle-weight was signed up Tuesday to fight Mike Gibbons, the phantom, 10 rounds. The scene of this battle will be in St. Paul, Minn., where Mike lives.

FATHER OF BOXING HAS PASSED AWAY

New York, Nov. 19.—The Rev. Father William Henry Ironsides Reaney, chaplain of the United States sides with the rank of captain who died here last night, was often called the father of boxing in the United States navy. He also introduced other athletic sports among the sailors. The story is told that he once defeated Tom Sharkey.

Tigers Vs. Arrows

Sunday afternoon at Millbrook park the New Boston Tigers and New Boston Arrows will meet in battle royal for the football championship of the village.

The Tiger-Ashland game was cancelled by Ashland which left the Tigers without a game. The Arrows being without a game decided to play the Tigers Sunday being the day set for the eleven to meet. The Tigers are heavy, and will greatly outweigh the Arrows. The Arrows expect to make up in speed what they lack in weight. The game will be one of the hardest fought games of the season. One of the largest crowds of the season is expected.

Cornell Leads

New York, Nov. 19.—Statistics published today show that Cornell leads all the other eastern football teams in the total scoring points. The Ithaca eleven has rolled up 263 points. Syracuse is second with 252, Pittsburgh third with 227 and Colgate fourth with 223.

JUST PONDER OVER THIS LITTLE DOPE

Princeton can find but little consolation in the fact that it gained 237 yards in rushing the ball and in forward passes as compared with 101 yards by Yale. Yale, however, ran back punts 101 yards while the Tiger backs ran them back only thirty-seven yards. The Tigers also suffered ninety-five yards in penalties while the Elis were punished but fifty yards.

Sinclair Is Disappointed

New York, Nov. 19.—Harry M. Sinclair, owner of the Newark Feds, who was reported ready to establish a new Federal league club in Manhattan, has returned from the West, apparently determined to carry out his plan. There is no doubt that Sinclair is disappointed through his failure to make a deal for the Giants. He tried to buy the club through the agency of August Hermann.

Matty Will Come Back?

Christy Mathewson says he is going to stage a real come back next year. That's what Jeff told us before he gleefully stepped into the Reno ring. But then Matty is known to regard the truth and he may return to winning form next season.

Over in Buffalo, which is sometimes called a suburb of Niagara Falls, 75 bowling leagues have been formed. Buffalo is said to be one of the greatest bowling towns in the country, possibly except Milwaukee. But they have different bowlers in Foamtown, Yes, quite different.

Huntington Has 2 Games

Huntington football fans are privileged to see games on Friday and Saturday. The Douglass high school team played the West Virginia Institute eleven on Marshall Field, Friday. The Douglass team has defeated St. Albans, Charleston and Parkersburg elevens.

The Huntington high school football eleven will play the H. H. S. alumni Saturday on Marshall Field. Several old veterans of H. H. S. will be in the lineup, including Shelton, McWilliams, Rabel, Hawkins and Meyers.

Saylor Was Knocked Out

Boston, Mass., Nov. 19.—In one of the shortest near-championship ring battles ever seen or held in this city Charley White, of Chicago, knocked out Milburn (Young) Saylor, of Indianapolis, last night. The bout did not last one round, for Saylor received his quietus after the milling had gone only one minute and 45 seconds. In the 105 seconds consumed White sent Saylor to the mat three times, and the last time was for keeps.

San Francisco, Cal., Nov. 19.—Jack Ness, first baseman of the Oakland coast league club, and holder of the world's record for hits, made in consecutive games, has signed a contract for next year with the Chicago American League Club.

A Fine Job

Joe Jacobs, one of Kelley Bros. expert concrete men has returned from Plain City, near Columbus, where Kelley Bros. had the contract for putting down about a mile of concrete road, the main street in the village. Jacobs says it is one of the finest stretches of concrete roadway in the state. Jacobs and several of his crew worked on the New Boston paving work before going to Plain City.

DAKKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur dawns so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you dashed your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

ENTERS "HALL OF FAME"

Jim Hall, a popular barber employed at Charles Sperry's barber shop, unconsciously put on a circus stunt while riding back from supper on his bicycle Thursday evening. Jim's wheel got caught in the street car track and he was whirled about. Jim was headed in one direction only to find himself facing another street the next instant. He made several complete revolutions, qualifying for the "Hall of Fame" as it were.

Nine out of ten persons have this dread disease

Pyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth. Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet. To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth. Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25-cent oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out!

Whether your trouble is Sciatica, Lumbago or the dreaded Arterial Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This is short in the exact knowledge gained by the research laboratories of the S. S. S. Co., in Atlanta, Ga. There tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S., the remarkable blood tonic, which they originated, will relieve you of the complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggists. If you need special advice, write to S. S. S. Married Masher Is Said To Be Making Some Threats

C. J. Evans, who with his wife, have for the past several weeks vainly tried to break up the illicit courtship between their 15-year-old daughter, Della, and Lou D. Smith, a married furniture dealer of Trouton, called on Mayor Frick Thursday afternoon.

Mr. Evans was considerably exercised over the contents of a letter which he said Smith had written to his daughter, "unfolding the plans he had towards prosecuting any and everybody who had contributed to his recent troubles. He is said to have claimed that a letter written to him by Della was intercepted before it reached him, that he expected to sue the papers publishing the letter, that he expected to sue Della's parents, charged that the mayor had imposed an excessive bond on him at the time of his recent arrest here, and he knew not what all he did write and threaten.

The mayor assured Mr. Evans that there was nothing further he could do in the matter. He said he had purposely fixed the bond high in order to hold Smith, and he was not responsible for what another court did in reducing the bond. He said it seemed to him, however, that there ought to be some way of breaking up the brazenly open love-making between the couple.

Mayor Seeks To Have Curfew And Fire Alarm Signal Restored

Mayor Adam Frick has appealed to the generosity and public spiritedness of Mr. George D. Selby and his company to restore to the city the fire and curfew signals lost to the city some months ago.

Following is the full text of the letter the mayor has addressed on the subject:

Mr. George D. Selby, City.
My dear Mr. Selby:

There are two services that are so necessary for the betterment and the safety of the community that they have given me quite a little concern and neither of which can apparently be solved except through the charitable inclinations of some of our industrial plants which operate or keep steam continually, they are:

First: The curfew signal which should sound at eight each evening to warn children to leave the streets and parents to seek their wandering child.

Second: The fire alarm signal to warn citizens of the zone wherein a fire may be raging.

Both of these services have been lost to the city since the Mill street pumping station has been placed out of commission and cannot, it seems to me, be provided from the new plant owing to its remote location. I am, therefore, going to ask whether your company would provide the steam and sound these curfew signals at eight each evening providing the city transfers the present water works whistle now out of use at the old station to your centrally located plant?

It is regrettable that curfew signal should be necessary to direct attention to the child that it is late and therefore, they should seek protection in their own homes, or that such should be provided to the end that parents are warned to care for their child. But, since it does seem to be a very necessary agency to assist in preserving the social and moral conditions of the city, I should like to be able to restore

the service during my tenure of office.

Feeling as I do in the matter of fire alarms, it would also be my pleasure to have this re-inauguration of service preceding the first of January.

I assure you that any consideration you may give the matter will be very highly appreciated, even though such may be no more than your advice upon the value of the service and your idea as how it may best be secured.

The director of safety will present this matter to you and I await your reply at your convenience.

Respectfully submitted,
ADAM FRICK,
Mayor.

Officers Nominated At Weekly Meeting

Nominations of officers for the coming year at the weekly meeting of Portsmouth Council, Jr. O. U. A. M., resulted in the selection of the following as candidates: Councilor, C. M. Pligor; vice councilor, M. B. Cooper and Charles Martin; recording secretary, Robert Holbrook; assistant recording secretary, C. A. Eligor; financial secretary, J. R. Bowser; treasurer, K. N. DeLong; conductor, William Hall; warden, Ezra Osborne; inside guard, John Shumaker and Robert Mark; outside guard, John Lawhorn and C. L. Quickel; trustees, C. B. Groninger, O. W. Peed, Lefty Deherienne, and Charles Martin. The election will be held in December. Members of the Council will be guests at two enjoyable affairs this evening, having received invita-

tions to attend the 32nd anniversary celebration of President Lincoln's Gettysburg address given by the Sons of Veterans, and also the banquet and social to be given by the Daughters of America at their hall at Fifth and Court streets.

The Jr. O. U. A. M. band will play at both celebrations, going first from the hall to the G. A. R. hall on Gallia street, where they will play a few selections. From there they will go to the Daughters of America hall, where they will play during the banquet. Their banquet will launch their new membership campaign, which will be conducted by the two captains, Lorena Woods and Pearl Dixon. William West will make the address on behalf of the Jr. O. U. A. M. at the Sons of Veterans meeting.

The Jr. O. U. A. M. will also shortly inaugurate an active membership campaign. K. N. DeLong and C. B. Groninger were named as captains of the two teams that will contest for the most members. At the conclusion of the campaign the losers will banquet the winners.

One candidate, George Sullivan, was given the third degree at the meeting last evening, which was largely attended. One application was balloted upon favorably.

Permanent Relief For Chronic Constipation

Knowledge and Practice of Correct Daily Habit the Great Essential

Constipation is a condition affecting all classes of all people and can be permanently relieved only by acquiring habits of regularity. The most natural time for the eliminative process is in the morning when both the muscular and nervous systems are relaxed by sleep and rest. When relief does not come readily, it is an excellent plan to take a mild laxative at bedtime. Cathartics and purgatives, that by the violence of their quick action shock and disturb the system, should not be employed.

An effective laxative remedy that is very dependable, and which does not gripe or otherwise disturb the organs involved, is found in a combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin that can be bought at the drug store for fifty cents a bottle.

Mrs. C. C. Allen, 215 Poam St., New Monterey, Calif., wrote to Dr. Caldwell that she "found

Ironton Branch To Resume Operation

The Ironton Irontonian Friday morning said:

"It is understood that on his visit to this city this week Mr. John E. Williams, of the Excelsior Shoe Co., made a statement to the effect that the local plant would be placed in operation within a short time and arrangements are now under way for the opening.

"The plant at Portsmouth is swamped with orders, it is said, and they continue to come in, necessitating the resumption of business here. The shoe business has improved so much in the last few months that it is very likely the Ironton Excelsior plant will be reopened within a short time."

He is jealous, although I do nothing to cause it. Some weeks he wants to come up every night, and then I won't see him again for weeks. He asks me to come to the store where he works and if I do go in he acts bored, and if I don't he is cross. He seldom goes with other girls, and I with other fellows, because he is so jealous. you right after that. He likes to make his friends think he is being pursued and that is why he acts the way he does when you go to the store or call him up. It tickles his vanity to think he is a lady killer. Neglect him as much as possible, and if he does not learn to woo you properly, you will be better off without him.

Dear Miss Dolly.—I am a girl 13 years old. I have sisters, one of whom is one year my junior. Every morning after breakfast or any time during the day she makes some excuse to get out doors so that she will not have to help me. It makes me very cross at my mother and then she says things that she ought not to say. I feel as though I don't want to do anything. I know my sister is younger than I am, but it makes me angry just the same when she does not try to help. When my mother tells me to do things I feel like answering her back. I do not go out nights and have no boy friends. Please tell me what you think of this.

BROWN EYES.
If you refuse to let conditions ruin your disposition you will turn out a happier and more capable woman than your sisters. While they are playing you are learning to do things that will be of use to you all your life. Work cheerfully and without complaint for a selfish reason, if no other. Hard thoughts make a hard disagreeable face, while sunny, tolerant thoughts make the face sweet and lovable. If you are kind and gentle to your mother she may not ask you to do so much work. If you go to school you don't have time to do very much work.

Dear Miss Wise.—I have blonde hair and have a fair skin and large bright gray eyes. Am I considered nice looking? What causes young men to try to flirt with me. I dress modestly, but well, and I do not encourage them in the least.

BETTY.
I could not say without seeing you, and then you might appear very hopelessly to me, while some one else might think you pretty. You must show by your actions or your face that you welcome such attentions or men would not flirt with you.

Dear Miss Wise.—I have a gentleman friend and love him dearly and he tells me he loves me, but seems to be blue or contrary and is violently jealous and remains absent a good deal. Please tell me how I can conquer his jealousy and contrariness, and how to attract his attention, as I do not want to give up his friendship.

LITTLE MISS BLUE EYES.
You can attract his attention by letting him strictly alone and not running after him, if he wants you he knows where he can find you.

Dear Miss Wise.—I am a young mother and have been married for two years. My husband is very mean to me. He does not get me a thing to wear and I am staying at my mother's. She pays me a little each week and that is all I have to dress on. He spends all the money. What can I do to make him like me better. I dress up when he comes home, but he only asks me where I have been and accuses me of things I never thought of. He never spends anything on me and for the baby he never bought anything but medicine. Do you think I could get a divorce and that he could not take the baby. I could not live without it. Please tell me what to do?

YOUNG MOTHER.
Tell him, if he does not provide a home and the comforts of which he is able, that you will have him arrested for non-support. If he refuses, do as you said and the court will make him provide for you or lock him up. Don't divorce him. Make him do what is right and perhaps sometime in the future he will do so of his own free will.

Be Careful of Ferns
Washington, D. C., Nov. 19.—Housewives who obtain ferns from the florist for indoor culture should place them in a strong light, although they will do well without sunlight. They should be kept moist at all times, but watered sparingly. Most fern difficulties arise either from keeping the plants soaked or permitting them to get too dry. When the fern is in a jardiniere, it is especially difficult to avoid over-watering. In spring and summer, ferns require three times the amount of water that they do in the fall and winter.

The hostess served refreshments at the end of the program. The next meeting will be held December 2nd at the home of Mrs. F. Moore Musser, who will be assisted by Mesdames Knapp, Charlton, Ida Thomas, Charles Zull and Miss Margaret Hegel. This will be guest day.

Miss Mary E. Purcell has gone to Tarpon Springs, Florida, from Washington, D. C., according to cards received by her local friends.

Socially the Ironton Irontonian Friday said:

"Mrs. Emmett McKee, of South Fifth street, entertained the Endless Chain Circle of the Episcopal church Thursday afternoon, with the following members present: Mesdames H. S. Proglor, John Lewis, N. N. Potter, Howard Urean, W. H. Nigh, Randolph Peyton, Rapp, I. P. Blanton and Miss Katherine Peyton.

Frank Falter, of Portsmouth, attended the K. of C. dance Wednesday night.

"Mrs. Ida Davis left Thursday for Portsmouth for a week-end visit with her sister, Mrs. Beals, and daughter, Mrs. M. O. Ogden.

"Carl Streuber, of Portsmouth, was a pleasant caller in the city yesterday."

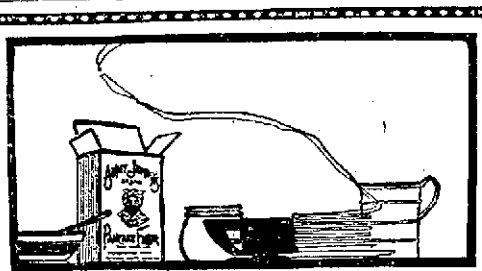

Mrs. Samuel Schloss was hostess at yesterday afternoon's meeting of the Kuffee Klatch. In the game of cards Mrs. Max Haas won the favor, a pretty box of paper. Seventeen was the number present, all being members. A delicious repast followed the game. Mrs. Joseph Brown will be hostess at the next meeting.

Mr. and Mrs. John Snyder will entertain the members of the Six-Hand Euchre Club and their husbands at dinner on Thanksgiving evening at their handsome home on Second street.

Mrs. Laura Horchow, president, and Mrs. Stella Maupin, secretary of the Woman's Literary Club, have issued invitations to the "Peace Day" meeting of the club Friday afternoon, November 20th, at 2 o'clock, in the club parlors, corner of Court and Fifth streets.

Mrs. Samuel Schloss went to Cincinnati today for a short visit.

In an effort to raise \$200.00 as their donation to the debt fund of the First Christian church, the Woman's Union will hold a bake sale at the Bonnet Shop, located in the Sun Theater building, Gallia street, Saturday afternoon. The good women will have on sale mince meat, pumpkin and lemon pies, doughnuts, layer cakes and bread, all homemade. The Woman's Union is without a doubt one of the best church organizations in the city. The members are always to be found in the front rank in any movement that has for its object the building up of the church. Their sale Saturday afternoon promises to be well patronized. Mrs. Jas. H. Wilson, the worthy president, predicts that the union will experience little difficulty in raising the \$200, the treasurer's report showing that less than \$20.00 is lacking. It is hoped that the members of the church will be on hand early to buy of the good things the women will offer for sale.

Miss Lena Hauck, who is attending school at Lasell Seminary, Auburndale, Mass., will spend Thanksgiving at the home of Miss Florence Shuman, in Hartford, Conn. Miss Shuman was a last year's graduate.

The Matron and Maid Club will be entertained next Tuesday afternoon at the home of Mrs. George Kricker. This will be the last meeting before Advent.

William Glenn and bride, of Newport, Ky., are visiting Mrs. James Devoss, of Commercial, Adams county.

Mrs. Diana Adams, of Commercial, Adams county, is visiting her daughter, Mrs. Edith Jolley, and her sons, Will and Robert Adams, all of Bellevue, Ky.

Miss Nell Turkey is recovering from illness with tonsillitis.

Mr. Moses Lehman has gone to Cincinnati to attend the funeral of Mr. I. Meiss, father of Mr. Milton Meiss, fiancé of Miss Doris Lehman.

The Topeka Capitol, of Topeka, Kas., contains the following, of local interest:

"One of the Topeka girls who unites the two professions is Miss Elizabeth Alderson, the daughter of the Rev. Mr. S. B. Alderson and Mrs. Alderson. She sings frequently before Topeka audiences, and is a member of the quartet that furnishes the music for the First Methodist church. The church has engaged the same members for its choir now for its third season. In addition Miss Alderson is conducting classes in Washburn college in public school music. This is her second year at the college. Since the introduction of music into the regular curriculum of the public school, it has been found necessary to train teachers for that work—giving a normal course, and Washburn, a few years ago, introduced such a department. Miss Alma Martin preceded Miss Alderson in that work at Washburn.

The Alderson family came to Topeka from Tarkio, Mo., three years ago. They were former Topeka people, and a good many years ago the Rev. Mr. Alderson was pastor of the First Presbyterian church of this city. Miss Alderson began her study of voice in Lewisberry, W. Va., where she attended college, and later she studied at the Woman's college of Oxford, Ohio, while her people lived at Portsmouth, O. She took a special normal course in public school music, and was supervisor of the music for the public schools of Tarkio for three years. She has also studied the famous Sweet-Whitney kindergarten system of music teaching. She has at her home an interesting case of equipment that is used in teaching music to children, a course which includes

a good deal of simple instruction in harmony.

"Miss Alderson is a member of the Ladies' Music Club and of the Minerva Club, and is socially well liked in addition to her musical attainments."

Miss Alderson is well known in this city, her father being pastor of the Second Presbyterian church for many years. Miss Alderson and her mother visited at the home of Mr. and Mrs. Irving Drew early this fall. The paper also contained a pretty picture of Miss Alderson.

Showers Send Workman Home Only To Find His Wife Missing

Mrs. Nancy Ann Horsely, aged 35 years, it is alleged, eloped with her cousin and star boarder, Henry Clay Horsely, aged 50 years, on Thursday, according to a story told between sobs by the woman's husband, Benjamin Horsely, a Clay township farmer, Thursday evening.

Accompanied by a brother, Horsely came to police headquarters and excitedly told of how a shower came up and stopped him from working in the fields, and upon going home to find it deserted, his wife and their six-year-old son, Willie, missing, he said. He made inquiries, he said, and learned that they had been seen leaving with the cousin, who boarded with them, and he judged they were headed for Morehead, Ky. He was plainly distressed over their flight and begged the officials to aid him. Mayor Frick advised him to go before a justice of the peace in his township and swear to a warrant and place it in the hands of Sheriff Pete Smith and that official undoubtedly would bring them back.

After learning from him that he was located on the Mickelthwait farm, the mayor advised him to call on Prosecuting Attorney Jos. T. Mickelthwait and he would direct him as to the proper course to pursue.

Horsely called on that official, but was advised there remained nothing for him to do but simply follow the alleged runaways to Kentucky, and if he found them to take his boy away from the mother.

Horsely was married at West Liberty, Ky., ten years ago.

THEATRICAL

"Fine Feathers" At The Sun Tonight

That the theatre loving populace of Portsmouth appreciate the fine plays being produced by the Dalley Stock company at the Sun was shown Thursday when the theatre was packed at the afternoon and evening performance. The well balanced stock company presented "Fine Feathers," one of the best plays ever produced in this city.

The play is the masterpiece of Eugene Walters, author of "Paid In Full" and "The Easiest Way," and is said by American critics to be the best American play of its kind ever written.

In this play the patrons get to see Ted Dalley, Miss Wimmer and Richard Cramer in their best roles to say nothing of Joseph Price who plays an important part. The costumes worn by Miss Wimmer are imported gowns of the very latest style. Don't miss "Fine Feathers."

VAST COAL TONNAGE FROM WEST VIRGINIA

Charleston, W. Va., Nov. 19.—Coal production in West Virginia during the fiscal year ending June 30, 1915, totaled the vast tonnage of 64,118,677, according to the annual chart just issued by Earl A. Henry, chief of the department of mines. The report credits the Norfolk and Western Railroad district, comprising the counties of McDowell, Mingo, Wayne, Mercer, Logan and Wayne with leading the rest of the state, with 24,718,268 tons, of which McDowell alone produced 13,007,674 tons and holds the record as the greatest coal mining county in the state. Logan county ranked high, 6,307,286 tons.

Kanawha-New river district, composed of Kanawha, Clay, Fayette, Lincoln, Boone, Mason, Putnam, Nicholas and Raleigh counties, stands second, with 19,957,915 tons mined. Of this tonnage Fayette produced the most, 7,861,872 tons.

Monongahela district, made up of the counties of Barbour, Harrison, Monongahela, Preston, Upshur, Randolph, Marion and Taylor, produced 14,375,843 tons, of which Harrison contributed 3,533,032 tons.

Wheeling district, Brooke, Marshall and Ohio counties, reports

DO THIS FIRST—YOU!

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs.

Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil-food in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat.

Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without alcohol or drugs.

Scott & Bowne, Bloomfield, N. J.

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors.

Plenty of fresh air in the bedroom and a good application of Vicks' "Vapo-Rub" Salve over the throat and chest at the first signs of trouble, will keep the little chaps free from colds without injuring their digestion. 25c, 50c, or \$1.00.

TROUBLES OF A SENATOR.

One of the reasons why we would never like to be a real, genuine, blown-in-the bottle, simon-pure politician or statesman is that just at the very time you feel that everything is lovely, that the future has no rocks ahead, a little private cyclone breaks loose for your own particular benefit and you have to dig around like all possessed to save yourself from being wiped out. Now take the case of our good friend Senator Tremper for example. He had to scrap for his nomination for his first term, and as he did not steal any stationery, carry home any desks or spittoons and voted regularly with his party on all party measures, he had every reason to anticipate an unopposed renomination. It seemed that all he had to do was to sit back, conserve his physical and financial strength and go after the Democratic enemy when the proper time arrived.

We say all seemed fair and bright politically for the Senator. And then bingo, just like a bomb from a Zeppelin, dropped the announcement of the candidacy of the Hon. J. A. Shriver, of Manchester, in opposition to Senator Tremper for his second term. J. A. tried it against the Senator before and got trimmed, but he seems not a bit discouraged. He is back in the fray with as much perkiness as ever and is bent on muddying the waters and clouding the skies for his opponent, hoping that the fates will be kinder to him this time.

Observers do not credit Shriver with much chance, but accidents happen in politics as well as in other lines of endeavor.

PEACE, BUT THERE WAS NO PEACE.

One of our friends up at Columbus who makes it a point to keep in touch with things political, tells us that a most historical scene was staged the other day in the office of our good young governor and that two prominent statesmen from Portsmouth occupied leading points of vantage in the picture. It happened during the days when everybody was getting together up at Columbus for Burton, Willis and Daugherty. Our good young governor concluded to essay the role of peace maker and bring about sweet harmony in Scioto county Republican affairs. As the story was told to us, he forthwith sent word to Hon. Henry T. Banuon and Hon. Chas. E. Hard, to hasten to his presence. They hastened and then, standing before the good young governor, with Homer Edwards and Forest Tipton as bottle holders, the two were told to "air and compose their differences", receive the blessing of the good young governor and be happy ever after.

We are told that the two eminent Scioto countians were perfectly willing to "air their differences", and they did so in tones loud and boisterous, but when it came to "composing", they refused to "compose." Not a darned bit would either one "compose." They didn't want to "compose" either for the governor or for any one else and that was all there was to it.

And the good young governor gave it up in despair. He sent the Scioto countians away from his presence under the wings of his trusty Edwards and Tipton, with instructions to escort them from the capitol building by different entrances so that they would not spill any blood on the marble halls, while he sadly reflected that the list of peace prize winners still remained at the original number.

All of the above, we repeat, was told us by a political friend at Columbus who has never hitherto given us unreliable information upon any subject.

ON THE WATER WAGON.

General Goethals says he will have the canal clear by January 1. And will it then make a New Year's vow never to get full again?—Cleveland Plain Dealer.

Now that it is all said and done that Sprague law referendum was in reality a test of party organization strength and efficiency. Chairman W. L. Finley spent \$1,757 for the Democrats and won just as he has done for them eleven times out of twelve, and he rallied the members of the organization so that now they are in fighting trim as they have not been for a year. Chairman Jones spent \$4,724.89 and lost and finds that he has only the remnants of a once powerful band of workers. For winning some of the disgruntled bolters of last year, would demand Finley's retirement; for losing many leading Republicans would reward Jones by making him the gubernatorial candidate. That is the way of politics.

Pride goeth before a fall, and the boaster generally meets with misfortune. Just take a look at this weather we are having today and then read what our friend Sibley said in his Gallipolis Tribune:

"To Harry E. Taylor, Editor of The Portsmouth Times, Greeting—Are you enjoying these frosty sunny mornings? Do you recall, retract, renounce and abandon your utterances hostile to this glorious weather? Have a heart, man, and join us in a paean of thanksgiving for a perfect Autumn!"

We submit that further answer is unnecessary. Still, we cannot refrain from saying that 'twas the touch of Summer that gave us real enjoyment of such recent days as were really and truly glorious.

IT WILL NEVER PASS FOR "ART" WITH TEDDY

POINTED PARAGRAPHS.

(Chicago News.)

Ambition never has time to take a day off. Don't use your best friend for a crutch. Go it alone. Charity gives itself rich and covetousness hoards itself poor. The tongue has more to do with honor than the conscience usually has.

Wisdom is the art of being out when people call who want to borrow.

Ambition has prevented many a man from making a success in small things.

Some people spend a lot of money for things they have no earthly use for.

When a man asks for a woman's sympathy he really doesn't care very much about it.

Some men perform a duty as if they were paid for doing it and were doubtful about the pay.

But when a girl refuses to flirt it's a sign that she is really and truly in love with one man.

Major Josiah W. Smith, Secretary of the Democratic State Central Committee, is dead. Death came to him at Ann Arbor, Michigan, on Tuesday, where he had gone to a sanitarium in an effort to regain failing health. The funeral was held at his home in Ottawa, Putnam county, where burial was made.

For the second time within the year death has invaded the ranks of the Democratic State Central Committee. As in the death of Edward W. Hanley, its chairman, so in the death of Major Smith, its secretary, the Democratic State Committee suffers a distinct loss. Major Smith was serving his second term as secretary, and for many years had been active in behalf of the Democratic party.

Major Smith was a member of the State Committee from the Fifth District. He was on the official staff of former Governor Harmon and was a Harmon delegate in the last Democratic National convention. He was formerly prosecuting attorney of Putnam county and later served as special counsel in the attorney general's office.

There is money in orchards and Scioto county farmers should realize that fact. For instance up in Lawrence county, C. H. Wilkins, of Proctorville, had a 12 acre orchard, 900 trees in all. This year he packed and marketed 3,761 barrels of apples, receiving for them \$11,000. This orchard has been bearing steadily for 12 years, but the monetary returns this year were greater than on any other crop. What is being done in Lawrence county can be done in Scioto. Look into the matter, get started right on orcharding, no matter how small the scale, and you will be more than repaid.

NEW-YORK-DAY-BY-DAY.

O-O-M-INTYRE.

New York, Nov. 19.—"Pop" Ward, one of the star copy readers on a morning paper, was seated alone in a cafe just off Park Row at an early hour the other morning looking like Futurist picture of Woe. Joe Platt dropped in, bade him a cheery good morning but couldn't get any response.

"Why all this gloom?" he asked.

Ward waved him away. "Please leave me alone for awhile. I want to study out a deep problem. I'll be all right in a minute."

After an interval he arose, shook his head sadly and joined Platt. It seems that a young graduate from the College of Journalism had joined the copy desk group that night. Ward gave him a simply little story to write a headline over.

The student suddenly inquired: "Do you want an intrusive or an obtrusive heading, Mr. Ward?"

That was why he sought the solitude and was so deeply engrossed and is it any wonder?

Herbert Corey is back again from the trenches. He has been over in Europe so many times since the war began that it has become a habit and he will return soon again. He hopes to get back in time to see Irvin Cobb, his old pal, decorated by the Kaiser with the Iron Cross.

Corey and Cobb have both been decorated with the Iron Ball several times by unfeeling editors and so they have a great interest in the new experience, which Broadway hears, is to befall Cobb.

Luke Cobb, Corey may also become a lecturer. The lecture sharks have been holding out some tempting bait and the only trouble now is getting appropriate plaster castes for Corey's knees. Several have given away merely under the strain of thinking about appearing before an audience.

Broadway raconteurs have always been divided over who pulled that classic after-dinner line. Some say it was Corey and others say Cobb. It applies to both and goes like this: "I do not ask you to forget my face; I ask you to forgive it."

Two tremendously important theatrical announcements have just been made. Both are expected to have a deep and far-reaching effect on the drama. Cecil Lean is to have his letters in larger type in the newspapers advertising his play and Julia Arthur has had a telephone installed in her dressing room.

Another newspaper yarn that is going the rounds concerns an ultra-dignified managing editor and one of the cubbies of cub reporters. The managing editor is so dignified that he wears spats and tortoise shell glasses—and that is some dignity in a newspaper shop.

The M. E. was at the Grand Central Station the other evening to meet some friends who were to visit his home. The young cub happened to be sent to the same station by his city editor on another assignment.

While waiting at the gates for the train he espied his managing editor, and with all the exuberance of a young cub walked over and said: "What are you doing here Mr. Blank, getting names?"

Nora Bayes has returned to the stage. A little more than a year ago all the New York newspapers "first paged" the news that she was slowly dying in Europe. It was predicted that she would never return to America alive, and her career was printed in full. Her trouble was a lung affection, and she claims that she was restored to health through the ministrations of Christian Science.

"Rhyme of the Road"

I am only a streak, as you see me afar,
With a head here and there for diversion,
But I boast of the power to give you a jar
And the power to spoil your excursion.
The little word chuck, and the little word muck,
Are the secrets to all my boasting;
But the little word pluck will add much to your luck
And will spare me many a roasting.

It can act as a hobble or act as a wing—
It depends upon how you will boom me;
I can keep you a pauper or make you a king—
It depends upon how you will groom me.
I can feed you on honey or feed you on swill,
I can bring you a ruby or rag, sir;
I can stifle ambition or cultivate will,
And make life a sweet thing or a drag, sir.

I can serve you most sadly or serve you well,
I can get you there late or on time, sir;
I can take you through heaven or take you through hell,
And it doesn't depend on the climate, sir.
But a little red sand—now please understand!—
Will throttle your fuming and fussing,
When mixed with some clay in the logical way,
And will hypnotize all of your cussing.

—Jack Berlese, in The Houston Chronicle.

"Do you know why he's a sissy?" asked Tommy of his aunt. "It's cause he looks just like his mother, and that shows he's got girl blood in him." —Harper's Magazine.

HILLSTROM'S LIFE ENDED BY FIRING SQUAD

VENICE TARGET OF AIR RAID—5,000 SERBS CAPTURED

EFFORTS OF HIGH OFFICIALS TO SAVE HIM PROVE FUTILE

Salt Lake City, Utah, Nov. 19.—Joseph Hillstrom, condemned murderer, whose case attracted attention throughout the country and prompted the intercession of President Wilson, the Swedish minister to the United States, and the American Federation of Labor, was put to death by a firing squad in the state prison here at 7:42 a. m. today. His death was instantaneous.

At six o'clock this morning Governor Spry and the members of the board of pardons received telegrams from Seattle, Wash., saying that William Busby of that city had sworn to affidavits saying that he was with Hillstrom all of the night in which the Morrison murders were committed and that Hillstrom was innocent. A similar affidavit, it was said, had been sent to President Wilson.

Salt Lake City, Utah, Nov. 19.—Joseph Hillstrom, condemned to be shot today for the murder of G. Morrison, spent last night in his cell at the state prison under the eyes of the death watch which was placed over him yesterday when Governor Spry declined to grant President Wilson's request for a reconsideration of the case. Hillstrom declined to see a minister, saying that he had worked out his own religion and was satisfied with it and would not be helped by seeing a minister. He retired about 10 o'clock and went to sleep at once.

Although he continued to protest that he can prove his innocence if granted a new trial, Hillstrom remains silent about how he received a bullet wound, or where he was the night Morrison, of whose murder he was convicted, was shot and killed at his grocery in Salt Lake City.

"It's nobody's business where I got that wound," Hillstrom said.

"It is only public curiosity that wants to know that. I am not here to gratify public curiosity."

The Industrial Workers of the World, of which Hillstrom is a member, held a meeting at their hall and other in the streets last night. Attendance was not larger than usual and the remarks of the speakers were mild.

A chair for Hillstrom has been placed against the inner wall of the prison facing a horde of spectators. Three of Hillstrom's friends have been invited at his request to witness the execution. The number of spectators is limited by law and will be small, including certain officers and press representatives. The prison physician will place a paper target directly over Hillstrom's heart to guide the members of the firing squad, who will select their rifles by lot. The execution will be under the direction of Sheriff J. S. Corless, of Salt Lake County.

Officers are much perplexed by an incident that developed last night in connection with arrangements for the execution. Hillstrom expressed a desire to wear a dark suit, which had been under lock and key with his other effects. Deputy Warden A. C. Frey, of the state prison, brought out the suit and examined it preparatory to having it pressed. He discovered the name "Morrison," which is the name of the man of whose murder Hillstrom

was convicted, written in indelible ink on the white lining of the suit. Hillstrom inquired whether the name was "Morrison" and said he believed it had been placed there by some detective at the county jail. Hillstrom said the suit was bought for him by a friend after his arrest.

The suit, however, officials at the prison say, does not fit Hillstrom. It is much too large for him. Mrs. J. G. Morrison, widow of the murdered man, says her husband had a suit similar to the one under investigation, and that the writing resembled that of her husband, but she is unable to identify the suit positively as his. Another suit was obtained for Hillstrom to wear at his execution.

Hillstrom was convicted of the murder of John G. Morrison, a grocer, and his son, Arling. Under law he was allowed to choose between shooting and hanging. President Wilson twice appealed for further respite for Hillstrom. The President's second request, made yesterday, was denied by Governor Spry, as not based on any new facts.

Attorneys for Hillstrom immediately asked the governor to grant a ten day respite. Members of the pardon board held a hurried conference and decided not to interfere with the execution. It was reported at that time that Hillstrom was weak and showing signs of breaking down under the strain.

ALLED LEADER OF PLOT BY GORICAR

Consul General von Nuber.

Consul General von Nuber, representing the Austro-Hungarian government in New York city, is declared by Dr. Joseph Goricar one of the leaders in a plot to injure American industries which are profiting by the European war. Von Nuber does not deny that he urges all Austro-Hungarians in this country who are employed in munitions factories to quit work.

GERMAN SOLDIERS NOW USING INDIVIDUAL SEARCHLIGHTS

Five German soldiers and their individual searchlights.

More and more as the war progresses it is evidenced that the latest modern appliances which the inventive genius of the Kaiser's forces can devise are being used to good purpose in the German lines; both in the trenches and on the battle front. The photo shows one of the most modern of the inventions—a portable searchlight. This searchlight, small as it is, is a remarkably powerful one. When not in use it is taken apart and distributed among five men of the company.

Expect Decision In The Baby Case; Child More Of A Defective Than At First Believed

Chicago, Nov. 19.—Six leading surgeons, impaneled as a coroner's jury to decide whether Dr. Harry J. Haiselden did right or wrong in refusing to operate on the deformed Bollinger baby, and thus save its life, are to make public their decision today.

Having carefully examined the body of the infant, the surgeons plan to call before them Allan Bollinger, father of the child; Dr. Haiselden, corner's physician; Dr. H. G. W. Reinhardt, several attaches at the German-American hospital, where the child was born, and all others who had anything to do with the case.

Members of the jury agreed not to discuss their findings until made public, but it is reported that their verdict will vindicate Dr. Haiselden.

Coroner Peter M. Hoffman admitted as much after the second postmortem was performed.

"Dr. Reinhardt went further in said, 'and we found that the child was even more defective than was indicated—far more defective' than Dr. Haiselden said."

ORDERS 63 MORE ENGINES

Pittsburgh, Nov. 19.—Contracts for the construction of sixty-three locomotives were awarded today by the Pennsylvania company, delivery to be made as early as next year. The engines are known as Class H. 10-S, the heaviest type in use on the system, and will cost in the neighborhood of \$1,500,000. Fifty are to be assigned to the Pennsylvania lines west and the remainder to the Vandalia railroad and other subsidiary lines. Other important equipment contracts were said to be in contemplation, due to the extraordinary freight and passenger business of the system.

MAY PLACE EMBARGO ON STEEL

Washington, Nov. 19.—Congress may be asked to place a temporary embargo on exports of structural steel to the European belligerents in order to afford a sufficient supply of the metal for use in the construction of the two battleships, bids for which were opened at the navy department on Wednesday. This plan is suggested as a result of the disclosure that neither

The investigation reached the conclusion that the submarine fired a shell against the wireless apparatus aboard the Ancona without any warning.

Rome, Nov. 19. (Via Paris)—Continuation of the desperate and long continued struggle for Gorizia is recounted in an official statement issued today at the headquarters of the Italian general staff. The communication follows:

"During all of yesterday there was an intense artillery action on both sides. The enemy's guns were particularly active in the Gorizia zone. We have seen that from the suburbs and even from the center of the town shots of all calibers are being fired against our position."

WILL SELL PRESIDENT'S FIANCEE A WEDDING GOWN BUT DRAWS THE LINE ON GERMAN AGENT

Paris, Nov. 19.—The Paris dress-makers' syndicate has black-listed two American customers of German origin, one of them a man named Kurzwann, reputed to have been commissioned to buy gowns for Mrs. Norman Galt, who is to be the bride of President Wilson, according to Gustave Terry's newspaper, L'Ouvreur.

The newspaper avers Kurzwann has threatened to raise a diplomatic question because of the modest refusal to accept orders from him. L'Ouvreur declares, however, that each house from which he ordered gowns has offered to supply them with its compliments to Mrs. Galt, without having them pass through the hands of an intermediary.

A Paris dispatch early this month said Charles Kurzwann, of New York, was there to select gowns for the wedding of President Wilson and Mrs. Galt. He was quoted as saying that while it "would be indiscreet to talk about clothes, ordered by the Wilson family, before obtaining permission from the White House, he felt that Washington can look forward to a brilliant social season after the wedding."

The two storms early today were heading toward each other and more it.

TROUBLES OF A SENATOR.

One of the reasons why we would never like to be a real, genuine, blown-in-the-bottle, simon-pure politician or statesman is that just at the very time you feel that everything is lovely, that the future has no rocks ahead, a little private cyclone breaks loose for your own particular benefit and you have to dig around like all possessed to save yourself from being wiped out. Now take the case of our good friend Senator Tremper for example. He had to scrap for his nomination for his first term, and as he did not steal any stationery, carry home any desks or spittoons and voted regularly with his party on all party measures, he had every reason to anticipate an unopposed re-nomination. It seemed that all he had to do was to sit back, conserve his physical and financial strength and go after the Democratic enemy when the proper time arrived.

We say all seemed fair and bright politically for the Senator. And then bingo, just like a bomb from a Zeppelin, dropped the announcement of the candidacy of the Hon. J. A. Shriver, of Manchester, in opposition to Senator Tremper for his second term. J. A. tried it against the Senator before and got trimmed, but he seems not a bit discouraged. He is back in the fray with as much perkiness as ever and is bent on muddying the waters and clouding the skies for his opponent, hoping that the fates will be kinder to him this time.

Observers do not credit Shriver with much chance, but accidents happen in politics as well as in other lines of endeavor.

PEACE, BUT THERE WAS NO PEACE.

One of our friends up at Columbus who makes it a point to keep in touch with things political, tells us that a most historical scene was staged the other day in the office of our good young governor and that two prominent statesmen from Portsmouth occupied leading points of vantage in the picture. It happened during the days when everybody was getting together up at Columbus for Burton, Willis and Daugherty. Our good young governor concluded to essay the role of peace maker and bring about sweet harmony in Scioto county Republican affairs. As the story was told to us, he forthwith sent word to Hon. Henry T. Bauman and Hon. Chas. E. Hard, to hasten to his presence. They hastened and then, standing before the good young governor with Homer Edwards and Forest Tipton as bottle holders, the two were told to "air and compose their differences", receive the blessing of the good young governor and be happy ever after.

We are told that the two eminent Scioto countians were perfectly willing to "air their differences", and they did so in tones loud and boisterous, but when it came to "composing", they refused to "compose." Not a damned bit would either one "compose." They didn't want to "compose" either for the governor or for any one else and that was all there was to it.

And the good young governor gave it up in despair. He sent the Scioto countians away from his presence under the wings of his trusty Edwards and Tipton, with instructions to escort them from the capitol building by different entrances so that they would not spill any blood on the marble halls, while he sadly reflected that the list of peace prize winners still remained at the original number.

All of the above, we repeat, was told us by a political friend at Columbus who has never hitherto given us unreliable information upon any subject.

ON THE WATER WAGON.

General Goethals says he will have the equal clear by January 1. And will it then make a New Year's vow never to get full again?—Cleveland Plain Dealer.

Now that it is all said and done that Sprague law referendum was in reality a test of party organization strength and efficiency. Chairman W. L. Finley spent \$1,757 for the Democrats and won just as he has done for them eleven times out of twelve, and he rallied the members of the organization so that now they are in fighting trim as they have not been for a year. Chairman Jones spent \$4,724.89 and lost and finds that he has only the remnants of a once powerful band of workers. For winning, some of the disgruntled bolters of last year, would demand Finley's retirement; for losing many leading Republicans would reward Jones by making him the gubernatorial candidate. That is the way of politics.

Pride goeth before a fall, and the boaster generally meets with misfortune. Just take a look at this weather we are having to-day and then read what our friend Sibley said in his Gallipoli Tribune:

"To Harry E. Taylor, Editor of The Portsmouth Times, Greeting—Are you enjoying these frosty sunny mornings? Do you recall, retreat, renounce and abandon your utterances hostile to this glorious weather? Have a heart, man, and join us in a paean of thanksgiving for a perfect Autumn!"

We submit that further answer is unnecessary. Still, we cannot refrain from saying that 'twas the touch of Summer that gave us real enjoyment of such recent days as were really and truly glorious.

IT WILL NEVER PASS FOR "ART" WITH TEDDY

POINTED PARAGRAPHS.

(Chicago News.)

Ambition never has time to take a day off. Don't use your best friend for a crutch. Go it alone. Charity gives itself rich and covetousness hoards itself poor. The tongue has more to do with honor than the conscience usually has.

Wisdom is the art of being out when people call who want to borrow.

Ambition has prevented many a man from making a success in small things.

Some people spend a lot of money for things they have no earthly use for.

When a man asks for a woman's sympathy he really doesn't care very much about it.

Some men perform a duty as if they were paid for doing it and were doubtful about the pay.

But when a girl refuses to flirt it's a sign that she is really and truly in love with one man.

Major Josiah W. Smith, Secretary of the Democratic State Central Committee, is dead. Death came to him at Ann Arbor, Michigan, on Tuesday, where he had gone to a sanitarium in an effort to regain failing health. The funeral was held at his home in Ottawa, Putnam county, where burial was made.

For the second time within the year death has invaded the ranks of the Democratic State Central Committee. As in the death of Edward W. Hanley, its chairman, so in the death of Major Smith, its secretary, the Democratic State Committee suffers a distinct loss. Major Smith was serving his second term as secretary, and for many years had been active in behalf of the Democratic party.

Major Smith was a member of the State Committee from the Fifth District. He was on the official staff of former Governor Harmon and was a Harmon delegate in the last Democratic National convention. He was formerly prosecuting attorney of Putnam county and later served as special counsel in the attorney general's office.

There is money in orchards and Scioto county farmers should realize that fact. For instance up in Lawrence county, C. H. Wilgus, of Proctorville, had a 12 acre orchard, 900 trees in all. This year he packed and marketed 3,761 barrels of apples, receiving for them \$11,000. This orchard has been bearing steadily for 13 years, but the monetary returns this year were greater than on any other crop. What is being done in Lawrence county can be done in Scioto. Look into the matter, get started right on orcharding, no matter how small the scale, and you will be more than repaid.

NEW-YORK-DAY-BY-DAY.

O-O-MEINTYRE.

New York, Nov. 19.—"Pop" Ward, one of the star copy readers on a morning paper, was seated alone in a cafe just off Park Row at an early hour the other morning looking like Futurist picture of Woe. Joe Platt dropped in, bade him a cheery good morning but couldn't get any response.

"Why all this gloom?" he asked. Ward waved him away. "Please leave me alone for awhile. I want to study out a deep problem. I'll be all right in a minute."

After an interval he arose, shook his head sadly and joined Platt. It seems that a young graduate from the College of Journalism had joined the copy desk group that night. Ward gave him a simple little story to write a headline over.

The student suddenly inquired: "Do you want an intrusive or an obtrusive heading, Mr. Ward?"

That was why he sought the solitude and was so deeply engrossed and is it any wonder!

Herbert Corey is back again from the trenches. He has been over in Europe so many times since the war began that it has become a habit and he will return soon again. He hopes to get back in time to see Irvin Cobb, his old pal, decorated by the Kaiser with the Iron Cross.

Corey and Cobb have both been decorated with the Iron Bell several times by unfeeling editors and so they have a great interest in the new experience, which Broadway hears, is to hear Cobb. Like Cobb, Corey may also become a lecturer. The lecture sharks have been holding out some tempting bait and the only trouble now is getting appropriate plaster, casters for Corey's knees. Several have given away merely under the strain of thinking about appearing before an audience.

Broadway raconteurs have always been divided over who pulled that classic after-dinner line. Some say it was Corey and others say Cobb. It applies to both and goes like this: "I do not ask you to forget my face; I ask you to forgive it."

Two tremendously important theatrical announcements have just been made. Both are expected to have a deep and far-reaching effect on the drama. Cecil Lean is to have his letters in larger type in the newspapers advertising his play and Julia Arthur has had a telephone installed in her dressing room.

Another newspaper yarn that is going the rounds concerns an ultra-dignified managing editor and one of the ebullient of cub reporters. The managing editor is so dignified that he wears spats and tortoiseshell glasses—and that is some dignity in a newspaper shop.

The M. E. was at the Grand Central Station the other evening to meet some friends who were to visit his home. The young cub happened to be sent to the same station by his city editor on another assignment.

While waiting at the gates for the train he espied his managing editor, and with all the exuber-

ance of a young cub walked over and said: "What are you doing here Mr. Blanke, getting names?"

Nora Byles has returned to the stage. A little more than a year ago all the New York newspapers "first paged" the news that she was slowly dying in Europe. It was predicted that she would never return to America alive, and her career was printed in full. Her trouble was a lung affection, and she claims that she was restored to health through the ministrations of Christian Science.

"Rhyme of the Road"

I am only a streak, as you see me after,
 With a bend here and there for diversion,
 But I boast of the power to give you a jar
 And the power to spoil your excursion.
 The little word chuck, and the little word muck,
 Are the secrets to all my boasting;
 But the little word pluck will add much to your luck
 And will spare me many a roasting.

It can act as a hobble or act as a wing—
 It depends upon how you will boom me;
 I can keep you a pauper or make you a king—
 It depends upon how you will groom me.
 I can feed you on honey or feed you on swill,
 I can bring you a ruby or rag, sir;
 I can stifle ambition & cultivate will,
 And make life a sweet thing or a drag, sir.

I can serve you most sadly or serve you well,
 I can get you there late or on time, sir;
 I can take you through heaven or take you through hell,
 And it doesn't depend on the oline, sir.
 But a little red sand—now please understand!—
 Will throttle your fuming and fuming,
 When mixed with some clay in the logical way,
 And will hypnotize all of your cussing.

MOTHER FINDS LITTLE BABY BURNED TO DEATH

"Now, you be a good little girl while I am gone and keep away from the fire," said Mrs. Clara Mullen to her golden-haired two-year-old daughter, Mabel Mullen, just before she started for a grocery store near her home near

Greensburg, Ky., Thursday afternoon. The child waved a "good-bye" and shook her little head to indicate she would be good. She forgot, however, and while her mother was away got hold of

matches and in some manner set fire to her clothes. Alone and at the mercy of the cruel flames the child was almost burned to a crisp. Instead of being greeted by her happy little baby upon her return, Mrs. Mullen

was horrified to find her loved one lying on the floor, her little body disfigured by the flames that must have played and danced over the helpless form. Mrs. Mullen quickly summoned a physician, but the child was so

badly burned that it soon passed away. Near the child was found matches that had been lighted and it is presumed that one of these came in contact with the child's clothes and set them on fire.

The child's body was burned from head to foot according to word Mr. and Mrs. Everett Gordon of 1807 Eighth street received Friday morning of the unfortunate affair. Mrs. Gordon is a sister of Clara Mullen, who, until recently,

was in the employ of Mr. Gordon, who is a local contractor. The Mullen family reside at Edgington, near Greensburg, Ky., and they have numerous relatives and friends here. The victim of the flames was a sweet and lovable child and the parents are grief stricken

over the tragic manner in which its life was snuffed out. Mrs. Mullen is at loss to say how the child got hold of matches. She says she has always made it a point to keep matches out of the reach of her little daughter, who was two years old, August 4, 1915.

BEN HURS WILL HOLD CELEBRATION TONIGHT; HIGH OFFICERS COME

The fifteenth anniversary of the institution of Portsmouth Court, No. 109, Tribe of Ben Hur, will be appropriately celebrated this evening. The occasion will be made all the more noteworthy by the presence of a number of high officers of the order. Among those expected to attend the festivities are William H. Owens, of Crawfordville, Ind., who fifteen years ago instituted the local court, and who is now supreme organizer of the order; Col. W. R. Bryan, of Corning, Ky., a member of the supreme executive committee; and a great local favorite, Gilbert Howell, of Crawfordville, editor of the *Chariot*, the official organ of the order; G. W. Rungate,

of Columbus, state manager and successor to the late Dr. J. C. Foster, and Judge Bell, the blind judge of the municipal court of Cincinnati. The distinguished visitors will be welcomed by a reception committee, of which Henry Oline is chairman. A business session will be held promptly at 6:30 and the initiation of a class of over fifty candidates will follow at 7:30. A musical program will be rendered and the program will conclude with dancing and refreshments. The general committee in charge of arrangements is composed of George Emrich, chairman; Frank Hardgrove, Thomas McLaughlin, Miss Esther Nash, Mrs. Thomas McLaughlin and Miss

Marie Doughty. The Ben Hur court enjoys the distinction of being Portsmouth's largest fraternal organization, numbering as it does nearly 1100 members. When instituted fifteen years ago the membership was only 62. Since then it has lost 13 members by death and has paid out \$73,500 in death benefits and \$23,000 in sick benefits, this entire sum going into local channels so that the organization has meant much to Portsmouth in a financial way. Charles Specht is the present chief, or ranking officer of Portsmouth court. He and Charles J. Miller, the deputy supreme chief, have labored untiringly for the success of the organization.

'BLACK TEXAS' TO GET 'STAY'

The Huntington Herald Dispatch Friday said: Application to Governor McCreary, of Kentucky, for a stay of ninety days for "Black Texas" the negro convicted of the murder of Joseph Gibson, a Chesapeake & Ohio engineer, has been made. The negro's execution was set for today. It is understood Governor McCreary has acted favorably on the application.

The Boyd county authorities want to hold "Black Texas" for sometime in order to use him as a witness. The petition was taken to the governor by Special Agent L. Y. Johnson, of the Chesapeake & Ohio, and is signed by Sheriff James Geiger, County Attorney James Burns, Commonwealth Attorney John F. Coldiron and Attorney H. R. Dyard, who assisted in the prosecution of the negro.

Married Masher Is Said To Be Making Some Threats

C. J. Evans, who with his wife, have for the past several weeks vainly tried to break up the illicit courtship between their 18-year-old daughter, Della, and Lou D. Smith, a married furniture dealer of Ironton, called on Mayor Frick Thursday afternoon.

Mr. Evans was considerably exercised over the contents of a letter which he said Smith had written to his daughter, unfolding the plans he had towards procuring any and everybody who had contributed to his recent troubles. He is said to have claimed that a letter written to him by Della was intercepted before it reached him, that he expected to sue the publishers of the letter, that he expected to sue Della's parents, charged that the mayor had imposed an excessive bond on him at the time of his recent arrest here, and he knew not what all he

did write and threaten. The mayor assured Mr. Evans that there was nothing further he could do in the matter. He said he had purposely fixed the bond high in order to hold Smith, and he was not responsible for that. Another court did in reducing the bond. He said it seemed to him, however, that there ought to be some way of breaking up the brazenly open love-making between the couple.

Mayor Seeks To Have Curfew And Fire Alarm Signal Restored

Mayor Adam Frick has appealed to the generosity and public spiritedness of Mr. George D. Selby and his company to restore to the city the fire and curfew signals lost to the city some months ago.

Following is the full text of the letter the mayor has addressed on the subject: Mr. George D. Selby, City: My dear Mr. Selby: There are two services that are so necessary for the betterment and the safety of the community that they have given me quite a little concern and neither of which can apparently be solved except through the charitable inclinations of some of our industrial plants which operate or keep steam continually, they are:

First: The curfew signal which should sound at eight each evening to warn children to leave the streets and parents to seek their wandering child. Second: The fire alarm signal to warn citizens of the zone wherein a fire may be raging. Both of these services have been lost to the city since the Mill street pumping station has been placed out of commission and cannot, it seems to me, be provided from the new plant owing to its remote location. I am, therefore, going to ask whether your company would provide the steam and sound these curfew signals at eight each evening providing the city transfers the present water works whistle now out of use at the old station to your centrally located plant? It is regrettable that curfew signal should be necessary to direct attention to the child that it is late and therefore, they should seek protection in their own homes, or that such should be provided to the end that parents are warned to care for their child. But, since it does seem to be a very necessary agency to assist in preserving the social and moral conditions of the city, I should like to be able to restore the service during my tenure of office.

Feeling as I do in the matter of fire alarms, it would also be my pleasure to have this re-institution of service preceding the first of January. I assure you that any consideration you may give the matter will be very highly appreciated, even though such may be no more than your advice upon the value of the service and your idea as to how it may best be secured. The director of safety will present this matter to you and I await your reply at your convenience.

Respectfully submitted, ADAM FRICK, Mayor.

The Anemic Dove. Of all causes in history the cause of international peace is probably the noblest, yet of all symbols appealing to the world's imagination its symbol, the dove, is probably the most anemic. Some other, more compelling, must take its place before its cause can be effectively advanced that of its rival. The dove is no match for the devil. It was never to be vanquished. It will be by St. George or Napoleon, not by the bird of Noah. In order, it is only peace militant, not peace dormant, that can supplant the heroic deed of war in the hearts of the nations.—Percy Mackaye in North American Review.

Many Kinds of Lawyers. In the official scale the attorney general ranks higher than the solicitor general, but in all other respects the distinction formerly drawn between attorneys and solicitors has vanished. The division of the lower branch of the legal profession has lasted longest in Scotland than in England. There are three kinds of lawyers beyond the Tweed—namely, the advocate or barrister, the writer to the signet—a solicitor with special privileges—and the ordinary law agent, who corresponds to the English solicitor.—London Globe.

Knows His Business. "You may have to play many parts in life, my son, but you don't have to play the devil," says a Georgia philosopher. "It's equal to performing that task himself without a flaw in the work."—Atlanta Constitution.

Showers Send Workman Home Only To Find His Wife Missing

Mrs. Nancy Ann Horsely, aged 55 years, is alleged, eloped with her cousin and star boarder, Henry Clay Horsely, aged 50 years, on Thursday, according to a story told between sons by the woman's husband, Benjamin Horsely, a Clay township farmer, Thursday evening. Accompanied by a brother, Horsely came to police headquarters and excitedly told of how a shower came up and stopped him from working in the fields, and upon going home to find it deserted, his wife and their six-year-old son, Willie, missing, he said. He made inquiries, he said, and learned that they had been seen leaving with the cousin, who boarded with them, and he judged they were headed for Morehead, Ky. He was plainly distressed over their flight and begged the officials to aid him. Mayor Frick advised him to go before a justice of the peace in his township and swear to a warrant and place it in the hands of Sheriff Pete Smith and that official undoubtedly would bring them back.

After learning from him that he was located on the "Micklethwait farm," the mayor advised him to call on Prosecuting Attorney Jos. T. Micklethwait and he would direct him as to the proper course to pursue.

Horsely called on that official, but was advised there remained nothing for him to do but simply follow the alleged runaways to Kentucky, and if he found them to take his boy away from the mother. Horsely was married at West Liberty, Ky., ten years ago.

Prosecute Roadbed Work With Vigor

Work has been resumed on the roadbed of the traction line in the vicinity of Wheelersburg. Thursday about fifty road scrapers, teams and men moved from Franklin Fur-

place to Wheelersburg. Work all along the traction line is progressing nicely, despite the bad weather. The Mt. Vernon Bridge Company is wasting no time in erecting bridges.

Contract Let For A New Railroad

Huntington, W. Va., Nov. 19.—Contracts for twelve miles of railroad along the Pond Fork of Little Coal river in Boone county, opening up one of the richest coal fields in West Virginia, will be let by the Pond Fork Railway company, about January 10, it was learned yesterday from an authoritative source.

The Pond Fork Railway company is controlled by the Chesapeake & Ohio railroad, and it is understood that Cole & Crane, well known timbermen, will build an extension of from six to ten miles further along the Pond Fork, opening up extensive timber tracts they own.

Thus Madison, where the Pond Fork joins the Little Coal river, is expected to be transformed by the era of commerce so inaugurated, into a second Logan, for, it is learned, completion of the railroad will be marked by the commencement of three of four extensive coal operations, as well as the marketing of the timber on the Cole & Crane tract.

Coal production in West Virginia during the fiscal year ending June 30, 1915, totaled the vast tonnage of 64,118,677, according to the annual chart just issued by Earl A. Henry, chief of the department of mines. The report credits the Norfolk and Western Railroad district, comprising the counties of McDowell, Mingo, Wyoming, Mercer, Logan and Wayne with leading the rest of the state, with 24,718,268 tons, of which McDowell alone produced 13,007,674 tons and holds the record as the greatest coal mining county in the state. Logan county ranked high, 6,807,286 tons.

Kanawha-New river district, composed of Kanawha, Clay, Fayette, Lincoln, Boone, Mason, Putnam, Nicholas and Raleigh counties, stands second, with 19,957,915 tons mined. Of this tonnage Fayette produced the most, 7,881,872 tons.

VAST COAL TONNAGE FROM WEST VIRGINIA

Wheeling district, Brooke, Marshall and Ohio counties, reports 2,230,832 tons; Interior district, Braxton, Gilmer, Lewis and Greenbrier, shows 456,605 tons; Potomac district, Grant, Tucker and Mineral counties, 2,175,223 tons; scattering counties, 300,000 tons.

A Sultan's Suicide. Sultan Murad V. of Turkey was deposed in 1876 after a reign of three months. It was alleged that he was insane. He lived until 1904. In the palace which had been assigned him as a residence he was found dead one morning, and the first impression was that he had been assassinated. He was lying half across the sofa in his apartment with his feet on the floor in a great pool of blood. Nineteen physicians of different nationalities were at once called in, and all agreed that the deceased sovereign had died by his own hand. The weapon employed was a pair of scissors, with which the unhappy man had opened the arteries of his arms.

Monongahela district, made up of the counties of Barbour, Harrison, Monongahela, Preston, Upshur, Randolph, Marion and Taylor, produced 14,375,844 tons, of which Harrison contributed 4,543,932 tons.

HARRY H. MITTENDORF TREASURER CANDIDATE

Harry H. Mittendorf, of South Webster, announced Friday that he would be a candidate for county treasurer on the Republican ticket at the next county primary. Mr. Mittendorf has always been a very active Republican.

Four years ago Mr. Mittendorf made the race for county treasurer when Maurice Caldwell was nominated. He has been elected township treasurer on several times and has served as township treasurer for six years. Mr. Mittendorf has served as treasurer of South Webster corporation for four years.

SAYS CITY HAS NO TAXATION LAWS

The mayor in replying to an inquiry from R. C. Journey, municipal reference librarian of the University of Missouri, advises that this city has no taxation laws and that all such matters are of state

legislation. The city has no building codes or laws covering the erection of buildings except with the business section where there cannot be a building over one story high built except of stone, brick, cement or iron.
